School Mission

To nurture our students with Value Education and foster their Whole-person Development.

School Characteristics

School Management

School Management Organisation:

Our Administrative Board is led by the Principal, Vice Principals, and board members (PSM). The three management bodies are School Management Committee, Teaching and Learning Committee, School Ethos and Student Support Committee, in which our school's policies and development are planned, implemented, and reviewed collectively.

Incorporated Management Committee / School Management Committee / Management Committee:

The IMC of Po Leung Kuk Tin Ka Ping Millennium Primary School

School Green Policy:

We are a participating PLK school of Low Carbon Living Scheme, a scheme launched by Environment and Ecology Bureau. Solar panels and a smart energy-saving systems are installed at our campus. Our Star Curriculum features curriculum and activities related to environmental protection and technology. This allows our students to make good use of the school's resources and environment, gain a deeper understanding of environmental conservation, and put what they have learned into practice.

A Project Learning Scheme on Technology and Environmental Protection has been implemented to broaden students' generic skills. We have also taken systematic energy-saving measures, participated in Food for Good@Campus and installed solar panels at our campus.

School's Major Concerns:

- 1. To enhance teaching and learning quality and increase teaching and learning efficiency.
- 2. To enhance Value Education and develop students' ethics.

Learning and Teaching Plan

Learning & Teaching Strategies:

By providing a quality language-rich environment, adapting diverse teaching approaches and activities, we guide our students to think creatively, critically and independently. Teaching and lesson studies which aim at nurturing students' multiple intelligences are conducted across different departments.

Development of Major Renewed Emphases of the Primary Education Curriculum:

We adopt the approaches such as "organic integration" and "natural connection" to create space to foster students' whole-person development. Their well-being is also well taken care of with the implementation of Joyful Recess and Joyful Lunch Recess. We enrich students' life-wide learning experiences and cater for learning diversity. We reinforce STEAM education and nurture students' media and information literacy. We strengthen cross-curricular learning and reading across the curriculum for developing students' lifelong learning capabilities. Last but not least, we enhance assessment literacy for promoting learning and teaching effectiveness.

Development of Generic Skills:

Our "Star Tour" help students develop Ethical Qualities, 21st Century Skills, Digital Competence and Literacy Skills, which equip them for leading a fruitful and healthy life, fulfilling their dreams, and making our world a better place. They will be a joyful and loving person.

Cultivation of Proper Values, Attitudes and Behaviours:

With our Value Education Curriculum integrated in class activities, we inculcate six core values into our students – Respect, responsibility, Love, Perseverance, Gratitude, and Reflection. Students' personal and social development, emotion management skills, and learning skills, are strengthened in Moral and Civic Education.

Student Support

Whole School Approach to Catering for Learner Diversity:

Under the 3-tier Intervention Model, students' learning diversity are catered for quality teaching, with graded in-class tasks and assignments, after-school enhancement classes, School Team Training and outside-school Gifted/ More Able student training.

Whole School Approach to Integrated Education:

Our Student Support Team, with the resources from the Education Bureau, provides assessment arrangements, counselling support, social skill training groups, Enhanced School-based speech therapy service, individual education plan, etc., to support our students' growth and cater for learner diversity.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; and organising activities to create an inclusive learning environment in the school.

Curriculum Tailoring and Adaptation:

The curriculum of each subject has been tailored and integrated with e-Learning to cater for learner diversity. Assignments consisting of questions varying in level of difficulty also ensure both high-flyers and low achievers are engaged.

Home-School Co-operation and School Ethos

Home-School Co-operation:

Our school has always placed great importance on parent-school collaboration and has established close bonding. The Parent-Teacher Association organizes various activities (such as parent talks, workshops, and Principal's Chatroom) to strengthen the cooperation between parents and the school, working together to support students' growth.

School Ethos:

We are a joyful and loving school where students love their school life, learning, and interacting with one another. We strive to nurture the moral and core values of our students and expect our graduates to be respectful, responsible, loving, persistent, grateful and reflective.

Future Development

School Development Plan:

- 1. To enhance teaching and learning by conducting teaching study and lesson study for our teachers, and developing school-based curriculum.
- 2. To promote Chinese and English literature to students while instilling moral values in them.
- 3. To develop students' ethics and values in our core subjects' school-based curriculum, Moral and Civic Education Curriculum and lessons on Emotional Regulation.
- 4. To enhance our curriculum across different subjects sustainably.
- 5. To develop students' multiple intelligences with diverse learning experiences in our newly introduced Star Curriculum, which features Leadership Training, Life Education, Physical and Aesthetic Development.
- 6. To provide students with a spacious natural learning environment in our TKPM Eco-Wonderland, which is adjacent to Tai Po Kau Nature Trail.

Teacher Professional Training & Development:

Our teachers' professional training and development is aligned with our school development. In-school programs include New Teacher Induction, Peer Lesson Observation, Teaching Study and Lesson Study. Teachers, as our ever-learning team members, are also encouraged to further their professional training to fulfil their individual needs.

Others

- 1. To develop students' creativity, collaborative skills, and problem solving skills, our STEAM curriculum has adopted the 3Ps approach – Problem-based Learning, Project-based Learning, and Proactive Learning.
- 2. To familiarize parents of P.1 with our curriculum and help them better prepare for their child's new school life, Parent Orientation and Star Tour Jr. are organized in during the summer break.
