Provided by designated supplier and arranged by parents.	Implement Healthy Campus, Caring Campus and Life Education to nurture students' physical, mental and social well-being with a focus on developing students' healthy lifestyles, positive values and attitudes and practical life skills.		The school nurtures children with Christian guidance. There is daily morning prayer, as well as religious and spiritual growth classes. Under the integrated church-school system, the school fosters the spiritual growth of its students.		

Life-wide Learning

Choir, percussion group, various instrument classes, dance, fancy rope skipping, dodgeball, swimming, taekwondo, karate, table tennis, football, basketball, volleyball, track and field, robotics programming, Cambridge English, gifted language classes, little scientists, VR painting, 4D Frame, Steam group, Math Olympiad, recitation, fellowship, flag raising team, scouts and other uniformed teams.

School Mission

Our school is committed to providing our students with an integral development of the spiritual, moral, intellectual, physical, social, and aesthetic aspects, and a holistic education in accordance with our belief, "Children as our centre, humanity as our foundation. God as our cornerstone". We believe that every child can be successful.

School Characteristics

School Management

School Management Organisation:

The Principal and Vice-Principal manage the school under four domains and refine the school development plans continuously to optimize the school policies.

Incorporated Management Committee / School Management Committee / Management Committee:

The Management Committee comprises fifteen members, including members of S.K.H., individual parties, teaching staff, alumnus and parents. The committee constantly works on formulating appropriate policies.

School Green Policy:

Environmentally friendly Campus; Recycling Programme (Plastic bottles, paper); Uniform Recycling; Clean your plate campaign.

School's Major Concerns:

1. Optimize learning and teaching to improve student achievement.
2. Utilize students' leadership skills to build a confident life.

Learning and Teaching Plan

Learning & Teaching Strategies:

1. Co-operative Learning Strategies are adopted to promote learning and teaching efficiency.
2. Promote students' self-directed learning ability through school-based curriculum design.
3. Provide a wide range of learning activities to extend students' learning and increase motivation.
4. Promote project-based learning, collaborative learning, e-learning and self-directed learning to strengthen students' learning skills.
5. establish Teacher-Professional Learning Community, so as to develop diversified teaching strategies and promote learning and teaching efficiency.
6. Offer gifted courses and elite training programs to cultivate talent in sports, arts, computers, language arts, and mathematics.

Development of Major Renewed Emphases of the Primary Education Curriculum:

1. Promote the reading of Chinese picture books.
2. Strengthen national security education in all subjects.
3. Promote programming and innovative technology education, such as: primary and secondary schools teaching Scratch and Micro:bit; lower primary schools teaching unplugged programming, Scratch Junior, and Code.org.

Development of Generic Skills:

1. The nine generic skills are developed through teaching, learning and other activities. For example, overseas exchanges and campings are arranged to broaden students' horizons, strengthen students' affective and social development.
2. Enhance students' Chinese and English expression and communication skills through reporting and speaking activities.

Cultivation of Proper Values, Attitudes and Behaviours:

1. Promote "positive education" to enhance students' self-worth, cultivate a sense of accomplishment to strengthen self-efficacy, and establish positive values.
2. Impart positive values to students like being respectful and grateful through life education.

Student Support

Whole School Approach to Catering for Learner Diversity:

1. Sunshine Ambassador Project for nurturing P.1 students.
2. Gifted small class teaching.
3. Joint School-based and Community-based Projects.
4. Remedial support classes.
5. Small group tutoring are conducted to provide support for the students in need.
6. Our school social workers work closely with the class teachers to support students' growth.
7. There are dedicated teachers at each form to support the growth of students.
8. Implement various school-based measures to help newly arrived students adapt to learning.

Whole School Approach to Integrated Education:

1. Every member of staff at the school cares for students and teaches them with love, and cultivates a positive culture.
2. To cater students' learning diversity, a whole school approach is adopted.
3. According to the fund provided, small group training, school-based speech therapy and school-based educational psychology services are provided.
4. To cater to students' specific learning needs, after-school training groups will be established.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; arranging intensive Chinese learning and teaching mode(s), e.g. pull-out learning if necessary, split-class/group learning, etc; and organising activities to create an inclusive learning environment in the school.

Curriculum Tailoring and Adaptation:

1. Identify the students' strengths and weaknesses through students' performance analysis. Design appropriate school-based curriculum with suitable teaching and learning strategies.
2. Small group tutoring and assessment accommodations are arranged to cater for students' needs.

Home-School Co-operation and School Ethos

Home-School Co-operation:

1. Organise parent-teacher conferences to strengthen home-school cooperation.
2. Our parents actively participated in students' learning activities such as "Family Sports Day" and "PTA picnic".
3. Arrange various activities to enhance effective parent-teacher co-operation such as Parents-Also-Appreciate-Teachers Drive and Storytelling by Dads & Mums.
4. Promote parent support through various talks and workshops.
5. Sustain and promote parent-teacher communication through "Sunshine Call".
6. The school has established a parent volunteer team and a parent fellowship, and has set up a parent volunteer commendation ceremony to reflect the spirit of cooperation between parents and school.

School Ethos:

1. Students are nurtured with love and care to excel in academic performance and conduct.
2. Positive Education in school curriculum and the provision of diversified learning experience cultivates students' positive values and attitudes.
3. Our school provides an education which embraces the joy of learning and stresses the spiritual, moral, intellectual, physical, communal and aesthetic development of students.
4. Duty For Every Student Programme helps enhance students' willingness to make commitment and contribution.
5. "Be encouraging, be caring" is the principle of discipline and guidance, and cultivates students' good character.
6. The Point Reward Program and Student Leadership Training are designed to enhance students' good behaviour and spirit of service.

Future Development

School Development Plan:

1. Every student is nurtured to excel in both academic performance and conduct.
2. Emphasis on the balanced and healthy development of students' physical, mental, and spiritual well-being.
3. Adopt "high levels of motivation, participation, display and feedback" strategies to enhance students' learning effectiveness.
4. Through project learning, learning from reading, learning with information technology, and moral & civic education, expand students' knowledge and cultivate students' life-long learning skills.
5. Promote STEAM education, encourage creativity in problem-solving, and cultivate students' scientific literacy.
6. Promote AI to assist learning, improve the quality of teaching and learning, and cultivate future talents.
7. Establish a professional learning community for teachers through different support programmes.
8. Through providing an array of extensive opportunities, such as gifted education, leadership training, and overseas exchanging programmes, students are empowered to explore their full potentials.

Teacher Professional Training & Development:

Through collaborative lesson planning and sharing, our teachers can improve the school's learning environment. Teachers are encouraged to attend workshops and continue their education in order to increase their professional expertise.

Others

In order to allow students to expend their knowledge and enrich their learning experiences, the school will organise overseas exchange activities for students to learn more about different countries and cultures, as well as to broaden their horizons.
