2026/2027 school year (The number of class(es) approved by EDB in Mar./Apr. 2026)	No. of classes	3	4	4	4	4	23
Mode of teaching at different levels	P.1-P.6 Small class teaching and P.1-P.6 Activity approach.						
Remarks	Focusing on a different core value each year: Gratitude (Year 1), Charity (Year 2), and Responsibility (Year 3). To ensure every child is "seen," the school implements a "One Person, One Post" system, assigning roles like prefects or service ambassadors to foster leadership and accountability within the class.						

Performance Assessment

Number of test(s) per year (P1 only)		0	Number of exam(s) per year (P1 only)		2	Replace tests and examinations with diversified assessments in the first term of P1	Yes
Number of test(s) per year (P2 to P6 only)		0	Number of exam(s) per year (P2 to P6 only)		3		
Formulate appropriate school-based assessment and assignment policies, inform parents of related arrangements, and collect views from teachers, students and parents regularly (at least once per school year) for ongoing review and optimisation of the school assessment and assignment policies							Yes
Upload the school-based assessment policy onto the school webpage for information of the public and stakeholders							Yes
Upload the school-based assignment policy onto the school webpage for information of the public and stakeholders							Yes
Diversified Assessment for Learning	We value the learning process of students rather than just focusing on the results. In all subjects, we make good use of progressive assessments as well as project learning to grasp a better understanding of students' learning progress. For P.1 students, we cancel the first examination and use the progressive assessment instead. It's can assist the students in adapting to P.1.						
Avoid arranging tests or examinations immediately after long holidays in order to let students take more rest during the holidays							Yes
Arrange the timetable flexibly according to the school context, with a tutorial session provided in the afternoon as far as possible for students to finish some of their homework under teachers' guidance							Yes
Streaming arrangement	Mixed ability streaming supported by elite classes and remedial classes during morning and after school sessions.						

School Life

No. of school days per week	No. of periods per day	Duration of each normal period	School starts at	School ends at	Lunch break
5 Days	7	35 mins	8:10 AM	3:30 PM	1:05 PM - 2:05 PM
Lunch arrangement	Healthy school life		Remarks		
Equipped with Eco-friendly dining hall.	1. "Straighten Up Campus Campaign" is launched. Morning exercises for the whole school take place every Monday, Wednesday and Friday. 2. Pupils take part in physical activities during recesses, so as to build a healthy body. During lunchtime, ball games are open for student participation. 3. Utilize the "Jump Rope" app to allow students to practise physical fitness online at home.		In the morning, formal classes are conducted, while the afternoon is dedicated to recreational activities. All activities are offered to provide students with opportunities for a balanced growth in different areas. On weekdays after school, there are training sessions for different elite school teams, while on Saturdays, there are various interest groups activities. There is a Putonghua/English Day set every week.		

Life-wide Learning

Cross-boundary exchange activities: Study Tour for the environmental protection and STEM, Religion, English summer camp, etc. Extra-curricular Activities: Symphonic band, Choir, Dance, Public Speaking, Drama, Marching band and drum corps, Board games, Football, Mini-tennis, Badminton, Volleyball, Basketball, Coding Activity, etc. Services Association: CYC, JPC, Pioneers of Christ, Cub and Little Scouts, Brownies, Red Cross, Road Safety Team, Flag-guards.

School Mission

We are committed to evangelizing and highlighting God's love in order for children to know God and care for others and society. We also aim to develop children's moral, intellectual, physical, social, aesthetic and spiritual potential to the fullest, equipping them for facing life and work challenges as well as serving the public and contributing to society.

School Characteristics

School Management

School Management Organisation:

The Headmaster and Deputy Headmaster lead and coordinate different functional groups to facilitate operation and development of our school.

Incorporated Management Committee / School Management Committee / Management Committee:

The Incorporated Management Committee was established in January, 2015. It includes the School Supervisor, the School Principal, 7 Sponsoring Body Managers, 1 Teacher Manager, 1 Parent Manager, 1 Alumni Manager and 1 Independent Manager. 1 Alternate Parent Manager and 1 Alternate Teacher Manager are in the meeting too.

School Green Policy:

The school actively promotes green education. We have a green canteen, an indigenous botanical garden, butterfly garden and Renewable Energy Learning Centre with school-based environmental curriculum.

School's Major Concerns:

Based on the school's vision to "Embrace the happiness and shape a brighter future": Embrace Happiness: Rooted in Catholic values, the school ensures every child is "seen" and valued as a unique "little stone". By fostering gratitude, charity, and responsibility, it builds spiritual strength and a sense of achievement. Shape a Brighter Future: The school equips "Future Ready" students by integrating AI as a learning partner. Through diverse stages in academics, arts, and sports, students develop the skills to transform into "shining diamonds".

Learning and Teaching Plan

Learning & Teaching Strategies:

1. Students are trained to speak trilingually and write bilingually. Two NETs are employed by the school to create and promote an authentic language-rich environment.
2. The curriculum adjustment and interdisciplinary learning for grades one to six will be developed based on students' needs to create a school-based curriculum.
3. Bring up the self-learning ability of students through implementation of e-learning.
4. Organize overseas trips to provide students with diverse learning experiences.
5. Arrange different courses for gifted students and cross boundary learning activities for students to explore different learning experiences.

Development of Major Renewed Emphases of the Primary Education Curriculum:

1. Making good use of learning time: Rearrange the schedule of the lessons in the afternoon, Include tutorial lesson, uniform group, personal growth education and moral and civil education, physical & arts activities, creating space to promote a balanced physical and mental development.
2. Enriching life-wide learning experiences and promoting whole-person development: Use Life-wide learning grant to support different activities and study tours outside Hong Kong. Organize the meaningful life-wide learning activities for students.
3. Reinforcing STEAM education: Using QEF to establish the STEAM LAB. Provide many different STEAM activities. For examples, LEGO SPIKE robot, 3D printing, micro:bit coding, Drone Soccer and AI coding. School has joined the COOLTHINK@JC programme to bring computational thinking education to students.

Development of Generic Skills:

Through a wide range of classroom activities and project learning to cultivate students' generic skills.

Cultivation of Proper Values, Attitudes and Behaviours:

1. Based on whole person development, Moral and Civic Education and Religious Education cultivate the student for Truth, Justice, Love, Life and Family.
2. Schools could promote Values Education through nurturing in their students the twelve priority values and attitudes and Values Education will be integrated and connected in our school curriculum.
3. In key dates of National Education Event Planning Calendar, School-based Learning Activities will be held by school, For example, Make arrangements for the raising of the national flag, and the playing and singing of the national anthem.

Student Support

Whole School Approach to Catering for Learner Diversity:

A Special Educational Needs Coordinator is assigned to develop appropriate policy and coordinate all resources to cater for learners' diversity. Student support team is established to ensure both elite and remedial students receive the best education.

Whole School Approach to Integrated Education:

Supporting integrated education (IE) in accordance with early identification, early intervention, person-centered approach, home-school co-operation, IE activities and professional teacher training to cater for students with special educational needs (SEN) through the 3-Tier Intervention Model.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; arranging intensive Chinese learning and teaching mode(s), e.g. pull-out learning if necessary, split-class/group learning, etc; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; organising activities to create an inclusive learning environment in the school; hiring additional manpower and/or translation/interpretation services to facilitate the communication with parents of NCS students; and our school uses Putonghua to teach Chinese in all classes / groups at certain levels with extra support as appropriate, e.g. pull-out/small-group classes, learning and teaching resources with Pinyin, etc.

Curriculum Tailoring and Adaptation:

1. Reading across the Curriculum and project learning are adopted from P.1 to P.6.
2. Chinese, English and Mathematics elite and remedial classes are also established.

Home-School Co-operation and School Ethos

Home-School Co-operation:

We hold different functions and activities to improve communication between school and family. We also use mobile parents' apps and e-notices to facilitate home-school communication.

School Ethos:

1. To provide comprehensive nurturing of the physical and spiritual development of students and practise the educational philosophy of caring and inclusion through a range of student counselling services.
2. To integrate the practices of teaching, counselling and discipline, utilising systematic techniques to promote the development of good citizens with a sense of responsibility and patriotism.
3. To reinforce attitudes of personal improvement and a desire to help others through the "Shek Lei Catholic Primary Volunteer Group".

Future Development

School Development Plan:

In the new development cycle from 2025 to 2028, our school adopts "Embrace the happiness and shape a brighter future" as its core priority. Integrating the spirit of Catholic education, we walk alongside our students as they grow in faith, character, and competence. Guided by the Light of Christ, we empower them to discover themselves, affirm their worth, and achieve their full potential.

Teacher Professional Training & Development:

The planning of teachers' professional development is based on the changes in society and the needs of the students. The main focuses for the following year will be:

1. Professional development related to National Security Education.
2. Professional development/training related to Digital Literacy
3. Special courses catering for different educational needs.

Others

Sports: Athletics: Girls A Grade Overall Champion in the Kwai Chung District Inter-School Athletics Competition.

Basketball: Girls' Champion in the Kwai Chung District Inter-School Basketball Competition.
