Life-Wide Learning school structure is developed including different level of outdoor learning program, educational visit concerning Chinese culture, various of elite groups, school teams to develop high ability students.

School Mission

To provide a quality whole-person Christian education. To help students accept Jesus Christ as their Saviour and live a Christian life with faith, hope and love. Care for the community and proud of their country. Ready to serve always.

School Characteristics

School Management

School Management Organisation:

The IMC is launching school based management and will make the final decision. Meanwhile, the School Management Team will take the role of preparing the school development plan.

Incorporated Management Committee / School Management Committee / Management Committee:

The IMC of FMB Chun Lei Primary School.

School Green Policy:

4Rs Environmental scheme.

School's Major Concerns:

1. Living a healthy life in spirit, mind, and body.
2. Enhancing learning abilities and creating a confident future.

Learning and Teaching Plan

Learning & Teaching Strategies:

Our school aims to cultivate students' lifelong learning and self-directed learning abilities. We design our teaching through four dimensions: pre-class preview, classroom teaching, post-class consolidation and achievement assessment. Achieving goals through multiple strategies such as small-class teaching, cooperative learning, and differentiated teaching methodologies. The use of diverse e-learning tools, thought-provoking learning tasks, and school-based bridging courses are employed which foster the teaching and learning competency and develop students' higher-order thinking skills and generic skills. We also committed to promoting the Three-tier Implementation Model for gifted education, providing opportunities for students to unleash their potential. We continuously enhance professional interaction and caring culture among our teaching team, actively engaging participation in diverse professional training. Through collaborative lesson planning enhancing teachers' professional capabilities.

Development of Major Renewed Emphases of the Primary Education Curriculum:

Strengthen the education of value systems (including life education, national and national security education); make good use of learning time to create spaces, promote balanced physical and mental development, and enrich comprehensive learning experiences; promote holistic development of students, strengthen the care for the diversity of students; strengthen STEAM education, cultivate students' media and information literacy; strengthen cross-curricular learning and reading, develop lifelong learning abilities; enhance assessment literacy, promote learning and teaching efficiency.

Development of Generic Skills:

Our school aims to cultivate nine generic skills, namely communication skills, numeracy skills, information technology skills, critical thinking skills, creativity, problem-solving skills, self-management skills, study skills and collaboration skills, through learning activities in different subjects or learning areas. Our teaching team also emphasizes the development of students' multiple intelligences by creating diverse interest groups and multiple intelligence activities that unleash students' potential, aiming to enhance their interest in learning and sense of achievement.

Cultivation of Proper Values, Attitudes and Behaviours:

Our school will adopt a whole-school approach to systematically plan and implement the values education curriculum. By integrating the "12 Priority Values and Attitudes" with the school's core values education, these elements will be embedded across learning areas and a wide range of learning activities, providing students with rich and diverse learning experiences. This will help promote their holistic well-being, enable them to realize their potential, foster innovation and a spirit of service, and nurture them to become students who are grateful and content, who love God and others, and who show love for their school, family, community and country.

Student Support

Whole School Approach to Catering for Learner Diversity:

We fully implement gifted education through the Three-tier Support Model and school-based policies, allowing all students in the school to have inspiring and enriching learning experiences that enhance their potential. Students with unique talents are provided with opportunities for cultivation within or outside the school. Our gifted and talented programmers are in three domains: arts and athletics, academic and leadership. Various school teams are provided for our students such as Chinese Literary Elites, English Stars, Math Prodigies, STEM Scientists, Aviation Training Team, School Choir, Music Worship, Visual Arts, Flag Raising Team, Martial Arts Team, Soccer Team, Basketball Team, Table tennis Team, Track and field Team, Volleyball team, Rope Skipping Team, Tchoukball and Computer Elites.

Whole School Approach to Integrated Education:

Our school has established Student Support Team (SST) led by our Special Educational Needs Coordinator (SENCO), following the "whole-school approach" to support students with special educational needs. We also have School-based Educational Psychology Service, School-based Speech Therapy Service, two social workers and a counselor to provide appropriate support to students and families in need.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; organising activities to create an inclusive learning environment in the school; and hiring additional manpower and/or translation/interpretation services to facilitate the communication with parents of NCS students.

Curriculum Tailoring and Adaptation:

To cater for students learning diversity, we provide:

- Homework and Dictation adaptations.
 - Special assessment arrangements for students with reading and writing difficulties.
 - Speech therapy services
 - Intensive Remedial Program.
- Additionally, we have different gifted and talented programmes to unleash students' potential.

Home-School Co-operation and School Ethos

Home-School Co-operation:

Parents are important partners in our school. We foster collaboration between parents and the school through activities such as Parent-Teacher Associations, parent workshops, and parent volunteer groups. We regularly organize parent education events, stress-relief activities for parents, parent-child workshops, parent-child trips, and twilight camps to establish a support network for parents and encourage mutual support among them.

School Ethos:

Our school places great importance on the students' life and moral education. The "Life Project" is comprised of senior teachers of Principal, Vice Principal, Discipline Team, Religious Team, our missionary, social workers, and counseling teachers. Together, they lead the implementation of life education. By integrating spiritual guidance and counseling, we cultivate students' positive values and foster a caring campus culture.

Future Development

School Development Plan:

Cultivating students' spiritual growth, strengthening their inner well-being, and passing on the mission of moral integrity.

Establishing a school-based curriculum and enhancing campus teaching facilities to improve students' academic level.

Strengthening experiential learning to develop students' transferable skills.

Continuously developing all-round learning, multiple intelligence activities, career planning, and overseas learning to broaden students' horizons and enable them to showcase their talents.

Teacher Professional Training & Development:

1. Based on the teachings of Christianity and share the message of Jesus to build up team spirit and improving teaching performance.
2. Lesson co-plan and observation to establish a learning organization, and enhancing teacher's professional capabilities.
3. Introduce professional support in a timely manner to support teachers' professional development needs and improve teaching capabilities.

Others

Free Methodist Church scholarship, Parent Teacher Association scholarship, School Management Committee scholarship and Sir Robert Black Trust Fund Scholarship.

Achieve excellent result in Secondary School Places Allocation and intercollegiate competitions.

Our school has successfully obtained approval from the Education Bureau for campus relocation. We are scheduled to move to a larger school building within the same estate in the coming academic year. This new campus will provide a more spacious learning environment, enhanced academic programs, and improved teaching facilities.
