School Characteristics

School Management

School Management Organisation:

Our school based management committee (SMC) was set up in September 1999. The SMC has been established to manage, administer and operate the School, ensuring that fair, open and formal systems and procedures are in place.

Incorporated Management Committee / School Management Committee / Management Committee:

The management committee is composed of EDB representative, independent members from community, the Principal, teachers, parents and alumni representatives.

School Green Policy:

Our school adopted whole-school approach in adopting Green School Policy. All stakeholders experience our policy through different environmental activities. Our school has been awarded "15th Green School Silver Award", "16th Green School Golden Award" and "2018 Hong Kong Environmental Outstanding Award, Primary School, Merit".

School's Major Concerns:

1. Foster positive campus and practice healthy lifestyles.
2. Promote innovative technology education and optimize STREAM education.
3. Strengthen national identity.

Learning and Teaching Plan

Learning & Teaching Strategies:

To enhance students' learning motivation by applying "STREAMING" theory.

Implementation of metacognitive strategies and "School-based Programme on Thinking and Learning Strategies". Also, by applying "Invitational Education Theory", we emphasize on providing students with pleasurable learning experience, creating successful learning opportunities, encouraging students to unleash their potentials, enhancing students' self image, nurturing their positive thinking, thanksgiving and inclusive attitudes with positive attitude for self-management and caring for others. Besides, through students' participation in a variety of life-wide learning activities such as worldwide study tour, we enhance students' whole-person development, unleash their potentials and service the community.

Development of Major Renewed Emphases of the Primary Education Curriculum:

The school attaches great importance to establishing a healthy and positive outlook on life for students, and faces the future with an optimistic and positive attitude. It also strengthens education in values and life planning, and makes good use of school hours to create space, strengthen STREAM education, cultivate students' interests in reading, and develop lifelong learning capabilities.

Development of Generic Skills:

Through classroom learning and teaching activities, project learning, daily tasks, school-based programme on "Thinking and Learning Strategies", extra-curricular activities and uniformed groups, we develop students' generic skills such as critical thinking, creativity, problem-solving, communication and collaboration.

Cultivation of Proper Values, Attitudes and Behaviours:

Nurture students' optimistic and positive values and attitudes dealing with people, facing challenges and unleashing their potentials:

1. Organizing moral and civic talks
2. Implementing school-based life education, class management, team building, comprehensive learning activities and student guidance activities such as Understanding Adolescent Project and Leadership Training Project.
3. Applying Invitational Education Theory to different learning and extra-curricular activities unleash students' potentials.

Student Support

Whole School Approach to Catering for Learner Diversity:

The School establishes the Student Support Team to provide support programmes and assistive facilities to match students' abilities and needs to enable students to achieve their expected learning objectives.

Whole School Approach to Integrated Education:

Make use of the learning support grant to buy services so as to help the students with SEN. The school cooperates with school-based educational psychologist and school-based speech therapist to provide professional support.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; and organising activities to create an inclusive learning environment in the school.

Curriculum Tailoring and Adaptation:

We design school based curriculum according to the students' needs through co-planning.

Home-School Co-operation and School Ethos

Home-School Co-operation:

We organized PTA and parent volunteers. The parents are actively involved in student welfare policies.

School Ethos:

The School has been famous for a culture of simplicity and emphasize moral education. There are different groups for students who have special needs. To foster altruism and a sense of belonging to the school, we appoint student leaders and different kinds of uniformed groups, etc.

Future Development

School Development Plan:

1. Foster positive campus and practice healthy lifestyles.
2. Promote innovative technology education and optimize STREAM education.
3. Strengthen national identity.

Teacher Professional Training & Development:

To enhance the effectiveness of teaching and learning, teachers actively take part in teacher professional development seminars after school, as well as collaborative teaching preparation and lesson observation. Furthermore, the school collaborates with local universities and EDB every year to enhance learning and teaching effectiveness.

Others

Overseas study tour is held every year, e.g. Finland, Germany, Australia, Vienna, Hangzhou, Xian, Beijing, Shanghai, Singapore, Korea or New Zealand Study Tour.
