Life-wide Learning

Various kinds of extra-curricular activities and gifted education programmes including basketball, volleyball, badminton, table tennis, swimming, athletics, choir, instrumental classes, orchestra, Chinese Orchestra, Chinese dancing, uniform groups such as Brownies, Community Youth Club and Young Pioneers of Christ, Young Elite in STEAM, Olympiad Maths Course, Arts Ambassadors-in-School Scheme, School Promotion Ambassadors, Campus Ambassadors and English Ambassadors...etc, are organised to develop and enhance students' multiple intelligences.

School Mission

The school is committed to providing an all-round education to students based on Catholic values and preparing them to have a positive attitude towards themselves and others.

School Characteristics

School Management

School Management Organisation:

The school is managed by The Incorporated Management Committee of St. Paul's Primary Catholic School. The school management spreads under four divisions, namely 'Management and Organisation', 'Learning and Teaching', 'Student Support and School Ethos' and 'Student Performance'.

Incorporated Management Committee / School Management Committee / Management Committee:

The Incorporated Management Committee of St. Paul's Primary Catholic School

School Green Policy:

The school aims to nurture students to take responsibility for environmental protection. Environmental protection information is integrated into the school curriculum.

School's Major Concerns:

1. Area of Concern 1 - ""Advocating for holistic well-being, cultivating positive values, and embodying the ethos of benevolence""
2. Area of Concern 2 - ""Creating space and enhancing diverse learning experiences""
3. Area of Concern 3 - ""Elevating the essence of Chinese cultural heritage, honouring multicultural values, and reinforcing national identity""

Learning and Teaching Plan

Learning & Teaching Strategies:

1. A multi-dimensional, interactive and student-centered learning approach has been adopted so that students can acquire knowledge, master generic skills and foster proper values and attitudes through organic integration and natural connection.
2. STEAM Education is promoted through Science, Technology, Engineering, Arts and Mathematics as access points to help students boost computational skills, nurture inquiring minds and develop creativity.
3. Students' creativity is fostered through diverse cross-disciplinary activities and artistic strategies, encouraging them to appreciate and contribute to beauty, truth, and goodness in life.

Development of Major Renewed Emphases of the Primary Education Curriculum:

1. Cultivate students' global perspectives to contribute to society and the nation, and broaden their horizons through local and external exchange programmes.
2. Promote holistic development by enhancing biliteracy and trilingualism, fostering self-directed learning, unlocking diverse potential, and establishing healthy lifestyles.
3. Advance national education to strengthen students' national identity and encourage civic engagement with the community, the nation, and the world as responsible citizens.
4. Enable students to establish healthy lifestyles while cultivating an interest in the arts and basic aesthetic appreciation.
5. Foster a spirit of interdisciplinary STEAM learning by emphasising 'hands-on' problem-solving and integrating science, technology, engineering, art and mathematics to inspire creativity in daily life.

Development of Generic Skills:

The school emphasises a student-centered approach, providing enriched learning experiences through diverse subjects and key learning areas to develop students' generic skills and multiple intelligences.

Cultivation of Proper Values, Attitudes and Behaviours:

The school is committed to foster students' whole-person development via the implementation of the school-based Life Education programme and the infusion of positive values across the curriculum. Students' positive attitudes and values are nurtured through daily life contexts so as to meet students' growing needs and changes of the community. Students are cultivated to be global citizens with positive attitudes and values, the courage to be responsible, and the ability of self-reliance in preparation of facing adversity.

Student Support

Whole School Approach to Catering for Learner Diversity:

1. Programmes include Gifted Education training, Remedial Classes and Growth Groups are organised to promote student growth and diversified development.
2. Adaptation measures for P.1 and P.6 students are implemented to help them with the smooth transition in different stages of education.
3. Through various programs like Guardian Angels and Big Sisters Scheme, senior students are trained to care for and support their junior peers, fostering mutual growth and creating a culture of peer compassion.

Whole School Approach to Integrated Education:

1. The school-based student support policy is consistently refined and a mechanism of early identification and early intervention is set up to grasp an early understanding of the situations of the students with special needs.
2. By organising school-based enhancement groups and inclusive activities, coteaching with teaching assistants and utilising resources in the community, appropriate support such as differentiated teaching and assessment accommodations is provided for them.
3. Home-school cooperation is strengthened to enhance the effectiveness of the support services.

Curriculum Tailoring and Adaptation:

Tailor curricula and employ diverse pedagogical strategies to meet varied learning needs, providing appropriate adjustments in assignments and assessments to support student learning and create space to unlock their full potential.

Home-School Co-operation and School Ethos

Home-School Co-operation:

1. The school places great emphasis on building and maintaining a good home-school relationship through PTA, parent volunteer team, parent seminars and workshops, parent-child activities and a dedicated hotline for parent-teacher communication.
2. The school is committed to promoting parental education by organising various activities and courses, enabling parents to understand and practise positive discipline concepts and communication skills.

School Ethos:

1. Conduct diverse activities, workshops, and lectures to align stakeholders with the school's mission, fostering a unified commitment to promoting values education.
2. Implement a multicultural school-based reward scheme to enhance students' self-management skills and foster a sense of belonging.
3. Cultivate a caring school culture through inclusive experiences and service learning.

Future Development

School Development Plan:

1. Promote physical and mental well-being, construct positive values, and practice the spirit of benevolence.
2. Address student diversity and identify their multifaceted potentials.
3. Empower students to cherish national culture, respect the coexistence of diverse values, and cultivate a sense of national identity and belonging.

Teacher Professional Training & Development:

The school encourages teachers to take part in various pedagogical seminars and academic sharing sessions so as to strengthen the learning and teaching effectiveness as well as to enhance the quality of teaching.
