School Mission

'Together we nurture fullness of life; Hand in hand we witness the love of Christ': With the love of Christ, compassion for humanity and a progressive attitude, we strive to deliver a quality education, to develop students' potential to the fullest, to share with them the Gospel, and to cultivate in them a sense of good citizenship which will benefit our society and nation.

School Characteristics

School Management

School Management Organisation:

The school is sponsored by the The Church of Christ in China and managed by the Incorporated Management Committee.

Incorporated Management Committee / School Management Committee / Management Committee:

The Incorporated Management Committee was established on 31st August,2007.

School Green Policy:

1. To strengthen students' awareness of the importance of protecting the environment.
2. To instil in students a sense of duty to protect the environment.

School's Major Concerns:

Joy in learning brings excellence; filial love and unity show virtue.

Learning and Teaching Plan

Learning & Teaching Strategies:

Collaborative lesson preparation and peer lesson observation are promoted in our school to enhance the effectiveness in teaching. We help students cultivate generic skills with the adoption of various school-based teaching items in the curriculum. School-based Gifted Development Programme and Homework Policy are reviewed yearly as a means to due with learner differences.

Development of Major Renewed Emphases of the Primary Education Curriculum:

We use everyday life events and coordinate learning and teaching activities across subjects to strengthen values education and National Security Education in school. We organise a variety of activities for students during lunch breaks, after school, and on post-exam days. Double lessons and scheduled inter-class activities are also flexibly arranged to create space and cater for learner diversity. Small-group teaching and remedial classes are provided to support students with different learning needs. We incorporate elements of STEAM education into the school curriculum. Digital Education is promoted through learning and teaching in various subjects. We place strong emphasis on enhancing assessment literacy in school. Various formative assessments and constructive feedback are used to assess students and facilitate learning.

Development of Generic Skills:

We develop students' generic skills through various learning activities and experiences in different subjects, focusing on promoting and strengthening students' collaborative, communication, and problem-solving skills.

Cultivation of Proper Values, Attitudes and Behaviours:

We have been devoted to continuing to nurture students' positive values and attitudes through incorporating related elements into various subjects, cross-curricular domains in values education and other relevant learning experiences. We develop our own Moral and Civic Education with emphasis on strengthening students' "care for others" and positive attitudes towards life. We also provide students with authentic learning experiences, so they know how to put positive values and attitudes, such as China's traditional virtues, into practice. Moreover, we organise workshops for parents and teachers to raise awareness of mental health and encourage stakeholders to collaborate with the school to create a learning environment conducive to cultivating students' moral and civic qualities.

Student Support

Whole School Approach to Catering for Learner Diversity:

1. We adopt a Whole School Approach to cater for student diversity. The Student Support Team was set up to plan, implement and review the support measures for students with SEN.
2. We establish programmes for the gifted and talented to develop their talents and potentials in various aspects.

Whole School Approach to Integrated Education:

We adopt the Whole School Approach to support students with SEN and provide appropriate and diversified support services to enhance students' learning effectiveness. We flexibly utilise the "Learning Support Grant," in conjunction with other resources, to recruit support staff and outsource professional services to provide training groups based on students' specific learning needs.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; and organising activities to create an inclusive learning environment in the school.

Curriculum Tailoring and Adaptation:

We adapt the curriculum to deal with learner differences. We provide school-based task sheets and teaching strategies for students with different abilities. Enhancement programmes and gifted education policy are organised for high achievers. Small group teaching, collaborative teaching, assignment and examination adaptation are provided to address students with different learning needs.

Home-School Co-operation and School Ethos

Home-School Co-operation:

The Parent Teacher Association has been established for over thirty years. Parents form a volunteer team to assist in many school events. PTA actively promotes parental education by organising seminars and workshops. Annual outings and regular gatherings are held to facilitate collaboration and co-operation between the school and the parents.

School Ethos:

Our school emphasises cultivating a harmonious teacher-student relationship and enhancing students' teamwork and co-operation. A series of school programmes are conducted, such as school-based counselling activities, moral and growth education, religious activities, student service learning and peer reading.

Future Development

School Development Plan:

1. Develop generic and project learning skills to enhance learning effectiveness.
2. Cultivate positive values and help students acquire a stronger sense of national identity.

Teacher Professional Training & Development:

Seminars, workshops, school-based professional development programmes and sharing are arranged to enhance the professionalism of our school teachers.
