School's Major Concerns:

1. Cultivate students to become good citizens with global perspective and live a positive and healthy life.
2. Enhance students inquiry ability, creativity and language skills through the integration of science, technology and cross-curricular activities.

Learning and Teaching Plan

Learning & Teaching Strategies:

1. Emphasize Moral Education, Civic Education and National Education with the well-developed School-based Values Education curriculum.
2. Actively promote STEAM education and e-learning.
3. Promote subject-based reading and reading across the curriculum, and develop note-taking strategy.
4. Native English teachers to enhance students' English language skills.
5. Organize various interest groups and extracurricular activities to foster whole-person development.
6. Provide Homeroom periods and homework tutoring periods. Design effective homework to create more time for students to learn or relax after school.
7. Adopt student-centred approach for cross-curricular learning.

Development of Major Renewed Emphases of the Primary Education Curriculum:

1. Actively promote National Education and Value Education. Integrate the core values and attitudes into all subjects.
2. Through strong connections between subjects to leverage STEAM education. Strengthen the application of programming, engineering design(PDIR)and mathematical modeling.
3. Promote Science and Technology education using the PDAR concept to enhance students' scientific inquiry capabilities and attitudes.
4. Emphasize promotion of reading and create a whole-school reading atmosphere to cultivate students' reading habits and interests.

Development of Generic Skills:

The school strongly emphasizes on enhancing pupils' generic skills in different environments. Develop pupils' communication, creativity and critical thinking ability.

Cultivation of Proper Values, Attitudes and Behaviours:

The school constructs different learning environments and experience to help our students possess the qualities of a 'HCWB person' (Diligent, Frugal, Happy, Brave, Self-disciplined and Courteous) in order to let them live with a positive living attitude.

Student Support

Whole School Approach to Catering for Learner Diversity:

Integrated Education, Remedial Teaching groups and Learning Support Program.

Whole School Approach to Integrated Education:

We set up Student Support Team to coordinate the implementation of whole school approach. Members of Student Support Team, including SENCO and SENST conduct meetings with our school-based educational psychologist, social workers, speech therapist and subject teachers to discuss the difficulties of students with SEN and provide appropriate support for them, including various study groups and social, self-management, communication skills training and learning task to facilitate their learning.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; and organising activities to create an inclusive learning environment in the school.

Curriculum Tailoring and Adaptation:

According to the experts' reports, we will tailor-made / adjust the curriculum for the children who are in need.

Secondary School interview workshop is organised for P.6 students.

Home-School Co-operation and School Ethos

Home-School Co-operation:
