School Mission

The school is to impart a Christian and holistic education. We strive to educate students in areas of spiritual, moral, intellectual, physical, social and aesthetic development. During the process of learning, students are able to know Jesus Christ and His gospel. Through His teaching, we help students to establish a positive attitude towards life, to live it fruitfully, to serve the community and to glorify God.

School Characteristics

School Management

School Management Organisation:

Management Beliefs:

1. Centred in Christ.
2. By creating a transparent environment and pursuing excellence for the glory of God, a group of learning task force are ready to serve the school through loving God and each other.

Incorporated Management Committee / School Management Committee / Management Committee:

The Incorporated Management Committee of Christian & Missionary Alliance Sun Kei Primary School (Ping Shek).

School Green Policy:

Set up an Environmental Protection Charter.

Develop and apply environmentally friendly practices in the daily life.

Implement green measures that minimize resources consumption, reduce waste, encourage recycling and conserve energy.

School's Major Concerns:

Our school focus on three main areas: Life education, Reading and Serving. We hope that students can develop positive attitude towards life, cultivate the interest in reading and develop the reading habit. The most important thing is to learn to take care of themselves, to serve others in the community. Develop their maximum potential given by God.

Learning and Teaching Plan

Learning & Teaching Strategies:

Educational Beliefs:

1. Scaffolding of learning
2. Learning through experience (interaction, exploring and co-operation)
3. Teachers as facilitators

Development of Key Tasks:

1. Motivate learners through a variety of resources, techniques and learning styles.
2. Work with church to create a strong Christian culture.
3. Multiple Intelligence Lessons for P.3: Provide pupils with extensive learning experience. P.4 to P.5 students will join the Dreamstarter Project. Through the learning process, students understand and realize the meaning of entrepreneurship. They learn how to solve their problems and their difficulties.

Development of Generic Skills:

Through Service-learning, students learn to serve each other.

Through Service-learning, students will develop maturity and independence.

Cultivation of Positive Values and Attitudes:

Our school emphasis on promoting students' independent thinking and self-directed learning capabilities. When students are facing difficulties, they should be able to identify the values involved, analyse the issues objectively, make reasonable judgements and take action accordingly. Then they are prepared for different challenges in their future life.

Student Support

Whole School Approach to Catering for Learner Diversity:

1. High-achievers will be selected for competitions.
2. We adopt the 'Whole School Approach to Integrated Education' to cater for learners' diversities. The school social workers, education psychologist and language therapist provide extra support to cater for students' diverse needs.
3. Remedial classes are provided for selected needy students. Special Examination arrangement, Assessment accommodation and Homework accommodation are provided for students with special educational needs.
