2	2	P.1 to P.3 classes are mixed-ability classes. Partial streaming begins in P.4. Students with better performance enter Classes A and then B. The rest goes to Classes C and D without streaming.

Diversified Assessment for Learning

Our school has formulated concrete assessment policies and measures. Diversified modes of assessment such as quizzes, homework, observation, questioning, projects and so forth are introduced. Besides, to motivate students in learning, the involvement of different stakeholders such as students and parents in the assessment process are emphasized.

School Life

No. of school days per week	No. of periods per day	Duration of each normal period	School starts at	School ends at	Lunch break
5 Days	8	40 min	8:15AM	3:15PM	1:00PM - 1:50PM

Provided by designated supplier and arranged by parents.	1. We have introduced the "Energetic and Healthy Campus" programme. 2. We join the "Eat Smart" programme. 3. All pupils join the "Physical Fitness Programmes".		-		

Life-wide Learning

We have arranged a variety of extra-curricular activities (ECA) for students during the ECA session on Friday afternoon. We have 30 activity groups to suit students' interests and needs. Besides, we have more than 10 self-financed interest classes for students to join, e.g. Taekwondo, I.T., Go, Chinese instrument, violin, artistic gymnastics, traditional Chinese dance, sport stacking, table tennis and oil painting, etc.

School Mission

Our school strives to create a pleasurable learning environment for students and to unlock their potential through developing their knowledge, problem-solving and self-learning skills in order that the five goals of education (morality, wisdom, physical health, social skills and aesthetics) are achieved. It is our hope that our students will have a sense of responsibility, be kind and good to others, and possess good physical and mental health. When they grow up, they will become good citizens of society.

School Characteristics

School Management

School Management Organisation:

Under the supervision of our School Management Committee, the School Self-assessment and Development Team and various administration units are responsible for the school's development and decision making.

Incorporated Management Committee / School Management Committee / Management Committee:

Our School Management Committee is chaired by the Deputy Secretary of Education of the Education Bureau. Other committee members include the Principal, teacher representatives, alumni representatives, community representatives and parent representatives. Meetings are held regularly to discuss and evaluate issues relating to our school's operation and development, and to enhance the quality of teaching and learning.

School Green Policy:

Measures have been taken to minimize the wastage of energy and promote the recycling of materials. Students' environmental awareness is enhanced in different learning areas, by different activities, and through moral and civic education.

School's Major Concerns:

Major Concern (1)

Take care of students' learning diversity through multiple learning experiences.

Major Concern (2)

Promote life education and cultivate students to live a positive life.

Learning and Teaching Plan

Learning & Teaching Strategies:

Our school implements small-class teaching and incorporates teaching strategies such as self-directed learning, cooperative learning, interactive e-learning, etc., to cater for students learning diversities. Through engagement in activities, exploration, and practical application, students are helped to construct knowledge, enhance their learning ability, and promote their self-learning ability. To cultivate reading habits in students, we are committed to promoting reading such as daily morning reading time. By teaching reading strategies and implementing a School library reading award scheme, we aim to enhance students' reading abilities. Through project studies, cross-curricular learning, life-wide learning activities, moral education, and overseas learning opportunities, we provide students with diverse learning experiences and cultivate them into good citizens. We promote e-learning and STEM education to foster an inquisitive spirit and creative thinking.

Development of Major Renewed Emphases of the Primary Education Curriculum:

We continue to strengthen values education and optimize national security education, and life education. We create space for students to promote their physical and mental development through flexible use of learning time.

Development of Generic Skills:

Through extra-curricular and life-wide learning activities, we develop student's generic skills such as collaboration skills, communication skills, problem-solving skills, creativity and self-management skills.

Cultivation of Proper Values, Attitudes and Behaviours:

To promote a positive outlook on life in students through a multifaceted learning model that incorporates elements of life education in both formal and informal curriculum.

Student Support

Whole School Approach to Catering for Learner Diversity:

In order to cater for students with different abilities and learning needs, the upper class levels use ability grouping when it comes to division of students into different classes. To increase students' confidence in learning, Chinese, English and Maths enhancement classes conducted by our teachers, and after-school homework assistance programmes and elite classes provided by outside agencies are organized for our students.

Whole School Approach to Integrated Education:

'Whole School Approach' is used to help and support students with special educational needs, after-school tutorial classes, guidance classes and speech therapy are provided for students with learning needs to enhance the effectiveness of learning.

Education Support for Non-Chinese Speaking (NCS) Students:

Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; arranging intensive Chinese learning and teaching mode(s), e.g. pull-out learning if necessary, split-class/group learning, etc; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; organising activities to create an inclusive learning environment in the school; and hiring additional manpower and/or translation/interpretation services to facilitate the communication with parents.

Curriculum Tailoring and Adaptation:

Our school has systematic guidelines to identify students with individual learning needs and adapt our curriculum accordingly. Both enhancement and remedial workshops are provided to students of different ability levels. To ensure the smooth transition of our new students from K.3 to P.1, we have a "P.1 Adaptation Programme" and bridging courses are implemented in P.1.

Home-School Co-operation and School Ethos

Home-School Co-operation:

A number of activities will be organized by Parent-Teacher Association (PTA) to facilitate the relationship between parents and teachers. A variety of professional workshops are held to enlighten interested parents on parenting skills.

School Ethos:

Cultivating positive values in students with life education to aid in their growth into upstanding citizens of the future.

Future Development

School Development Plan:

1. Help students establish correct values and attitudes to enhance their resilience to stress.
2. Strengthen the integration of value education and carry out career and life planning education
3. Develop students' healthy and active lifestyle
4. Optimize learning and teaching, and adopt appropriate learning and teaching strategies to cater for students' diversity

Teacher Professional Training & Development:

To promote teachers' professional exchanges, a variety of school-based professional teacher development activities such as lesson co-planning and peer lesson observation / evaluation / discussion are organized. 'Teacher Induction Scheme' is implemented to support new teachers. According to the development direction of school and the needs of students, focused teaching development strategies and professional training courses will be carried out strategically to strengthen the effectiveness of teaching and learning.

Others

1. P1 has assessments to evaluate students' performance, second term has exams.
2. Implement life education, develop students' self-directed learning skills.
