S.1 Admission, Orientation Activities & Healthy School Life

Secondary One Admission
Our school will accept discretionary places. Our school will participate in the Secondary School Places Allocation System through central allocation stage (Applicable for admission to S.1 in September 2024). Admission criteria and weighting for S.1 discretionary places: Academic performance in primary school and EDB’ s Rank Order List: 60%; Non-academic performance (including conduct, extra-curricular activities, services, awards and interview etc.): 40%.
Orientation Activities and Healthy Life
1. S.1 summer bridging course. 2. S.1 orientation day. 3. Peer Guidance Scheme. 4. All students join the Physical Fitness Scheme. 5. We have a Physical Fitness Room for all students.

School Characteristics
School Management
<b>School's Major Concerns:</b> I. Able to develop abilities and persist in the field of knowledge. (1) Good at learning with consolidating the foundation. (2) Willing to learn with widening horizons. (3) Motivated to learn with improving skills. II. Guiding by will, accumulating virtues, and practising Buddhist values. (1) Self-cultivation for consciousness. (2) Long-cherished wishes for altruism. (3) Right view aesthesis on Dependence Origination.
<b>School Management Organisation:</b> Our School Management Committee includes the Principal, representatives from the school sponsoring body, the Parent-Teacher Association, the teaching staff and the Student Alumni Association. Under the School Management Committee, an Advisory Council formed by the Principal and senior staff members are responsible for continually revising our school policy and major concerns.
<b>Incorporated Management Committee / School Management Committee / Management Committee:</b> Established on 31st August, 2009.
<b>School Green Policy:</b> Our school strives to raise students’ environmental consciousness. We encourage students to participate in the following programmes: Moral Civic and National Education Committee will lead a series of promotional activities, including class teacher lessons, morning announcements, video broadcasting, recycling campaigns, extramural competitions as well as other learning experiences, to encourage reflection on the impacts of overconsumption on the environment as well as to raise concerns for animal rights. We strive to encourage students’ active participation in reducing waste from the source, recycling and upcycling waste materials as well as protecting the environment.
Learning and Teaching Plan
<b>Whole-school Language Policy:</b> In S.1 to S.3, we conduct Extended Learning Activities in English for some non-language subjects. In addition, various English activities, such as English drama and English Days, are organized as extra-curricular activities. Besides, S.2 and S.3 Mathematics are taught in English in some classes according to the ability of students. In senior forms, either medium of instruction are adopted according to the ability of students and nature of subjects. We organize various bridging courses to help pre-S.4 students adapt to the change in medium of instruction (English).
<b>Learning and Teaching Strategies:</b> Our school aims to enhance students' learning effectiveness, creativity and interest. Junior classes are streamed according to students' abilities. We deploy different teaching strategies to cater for learners’ diversity. 1. Junior form students are streamed according to their language proficiency. 2. The Annual School Activity Day is held with the aim to broaden students’ exposure to the world. 3. Subject-based project learning is conducted in each form and large-scale project learning activities are organized for S.1 and S.2 students. 4. Our School library takes an active role in the promotion of reading. It commits itself to the launching of the Lunch Reading Programme and supports the implementation of reading tasks for all subjects.
<b>School-based curriculum:</b> 1. Electives: 2X and 3X. S.4 to S.6 students are able to take 2 or 3 elective subjects. Furthermore, we provide diversity learning programs for S.4 and S.5 students, for example, value education and Chinese cultural education, etc. 2. Curriculum highlights: Reading, writing and speaking are the emphases of the junior form curriculum. Curriculum reform is also carried out in Junior Mathematics and Junior Science. Besides, we introduce art appreciation lessons in all senior forms and Buddhist Studies lessons in all forms.
<b>Major Renewed Emphases in the School Curriculum:</b> 1. Regular Lunch Reading lessons and a Reading Promotion Scheme are conducted along with subject-based reading activities to promote reading. 2. All subjects utilize information technology to enhance teaching and learning effectiveness. Both teachers and students are equipping themselves with the skills to utilize technological tools to maximize efficiency and effectiveness in knowledge acquisition. Such as Online Zoom lessons, Online assessment, platforms and the sharing of learning outcomes on the Internet. 3. Subject-based project learning is conducted in each form and large-scale project learning activities are organized for S.1 and S.2 students. 4. To promote Moral and Civic Education, we conduct a variety of activities including morning assembly current issues sharing, current issues board displays, lunch-time forums and workshops co-organized with various organizations.
<b>Life Planning Education:</b> The Career and Life Planning Committee provides individual counselling on studies and life planning for students, and encourages them to develop their career awareness. We also help students understand their specialties, interests, strengths and weaknesses and examine different kinds of jobs in order to explore themselves in terms of university subjects and jobs. We also provide them with information and advice on studies and career planning.
Student Support
<b>Whole School Approach to Catering for Learner Diversity:</b> We organise centralised tutorial classes including supervised homework periods, Junior Forms English Enhancement Course, Junior Forms Mathematics Enrichment Program, speech therapy and logical thinking training for students whose academic performance is relatively weak. Moreover, subject teachers adjust their schedule and teaching methods according to discussions in subject, form and class meetings. We also put additional resources into catering for students with special education needs. Besides, we have Double Class Teacher Collaborative System from S.1 to S.3 in order to help teachers cater for the needs of all students.
<b>Whole School Approach to Integrated Education:</b> Our school adopts a whole school approach to promote integrated education. We have established the Student Support Team with members from different committees, specialists including a SENCO, a SENST, an education psychologist and social workers to work together to cater for the needs of all students. We also arrange and encourage teaching staff to study courses related to Integrated Education. We have flexibility in spending the Learning Support Grant and other school resources to cater to the needs of students, including speech therapy service and individual as well as group training. We enhance students learning efficiency through diversified teaching strategies, tiered assignments and examination accommodation. All staff in our school acknowledge their responsibility establishing an inclusive environment and collaborate with specialists and parents to cater for the needs of students including having Individualized Education Programs, parents’ meetings as well as case meetings.
<b>Education Support for Non-Chinese Speaking (NCS) Students:</b> Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students’ learning of Chinese; and organising activities to create an inclusive learning environment in the school.
<b>Measures to provide adaptation for learning and assessment:</b> In junior forms, students are streamed according to their language proficiency. Curriculum are tailor-made for different classes. Besides, students’ assessment comes from continuous assessment, which includes daily homework, tests, book reports, project learning and learning attitudes. Assessment accommodations will also be provided to students with special education needs with reference to professional advice.

Home-School Co-operation and School Ethos
<b>Home-School Co-operation:</b> Our Parent-Teacher Association organises different activities every year to promote the relationship among parents, students and teachers.
<b>School Ethos:</b> It is our mission to help each student develop a strong sense of responsibility and a positive attitude towards life. All subjects and committees are fully committed to this goal.
Future Development
<b>School Development Plan:</b> Our school aims to arouse students' interest in learning, and enhance their language proficiency. Students are encouraged to participate in various programmes and learning activities run by different school committees and subjects. In the future, our school will continue to plan the school curriculum in accordance to the fine-tuning of the medium of instruction for secondary schools. This year, our major concerns are: I. 【Able to develop abilities and persist in the field of knowledge】 (1) Good at learning with consolidating the foundation. (2) Willing to learn with widening horizons. (3) Motivated to learn with improving skills. II. 【Guiding by will, accumulating virtues, and practising Buddhist values.】 (1) Self-cultivation for consciousness. (2) Long-cherished wishes for altruism. (3) Right view aesthesis on Dependence Origination.
<b>Teacher Professional Training and Development:</b> In addition to the three staff development days each year, staffs are encouraged to attend seminars and courses to further their professional development. The average training hours of our teaching staff was more than the required standard by the EDB in the last academic year.
Life-wide Learning (including Five Essential Learning Experiences to be provided through Key Learning Areas, extra-curricular activities, co-curricular activities, etc.)
Extra-curricular activities include A Cappella Team, Brass Band, Choir, Chinese Dance Team, Creative Art Team, Drama Team, Debate Team, Flying Racing Club, English Club, Chinese Culture Club, Society of HK History, Intelligent Training Club, Innovation Team, Books and Beyond, Mindfulness Art Club, Creative Lego, First Aid for Life, Boy Scout, Community Youth Club, Girl Guide, Junior Police Call, Red Cross Cadet Unit, Athletic Team, Badminton Team (Boys and Girls), Basketball Team, Table Tennis Team, Volleyball Team, Audio Visual Aids Team, Career Pioneer Team, and Voluntary Services Team. Co-curricular activities include school activity days etc.
School Facilities
Number of Classroom(s): 29
<b>School Facilities:</b> Include Multi-media Learning Centre, Students Activities Centre, Physics Lab., Biology Lab., Chemistry Lab., Integrated Science Lab., Library, Visual Arts Room, Music Room, History Room, Geography Room, Fitness Room and AV room, English Zone, Multiple-Intelligences Learning Centre, Meditation Room. Shau Kee Yu Yuen Hall, Home Economics Room. All special rooms, classrooms and halls are air-conditioned and equipped with computers, LCD projectors and broadband internet.
<b>Facility(ies) for Supporting Students with Special Educational Needs:</b> Multiple-Intelligences Learning Centre.
Others
Our school always supports our students to actively participate in various competitions and they display admirable results throughout the year 2020-21 as follows: Academic Performance: 1.
