S.1 Admission, Orientation Activities & Healthy School Life

Secondary One Admission
Our school will accept discretionary places. Our school will participate in the Secondary School Places Allocation System through central allocation stage (Applicable for admission to S.1 in September 2025). Ranking by EDB 40%, Academic results, Extracurricular activities, Conduct and Attitude 10%, Interview performance 50%.
Orientation Activities and Healthy Life
English day camps, bridging courses, counseling activities and orientation days are organized for new S.1 students in August. Through digitalized presentations, talks, games, discussions, guided tours and assistance from teachers and senior form students, the students quickly familiarize themselves with the school routine, philosophy and learning environment. These activities effectively help the newcomers adapt to the new school environment and become part of our family. The School cares a lot about healthy diet. In addition to health food seminars organized by the Student Union, the Biology department also holds a creative recipe design activities every year to help students develop good eating habits. In P.E. lessons, teachers always emphasize the importance of exercising and encourage students to participate.

School Characteristics
School Management
School's Major Concerns: <div>1. Enhance the overall effectiveness of learning and teaching; 2. Cultivate students to become outstanding citizens.</div>
School Management Organisation: <div>Under the supervision of the Incorporated Management Committee, the School Council comprising the principal and teaching staff reveals and formulates school policies regularly. Self-appraisals and evaluation sessions are conducted at the end of every academic year to chart the course of development for the coming year.</div>
Incorporated Management Committee / School Management Committee / Management Committee: <div>The IMC was established on 31 August 2007 to formulate school policies in line with the School's mission statement. Its primary roles are to take on responsibility for the School's performance and to manage the human and financial resources of the School.</div>
School Green Policy: <div>The School is dedicated to environmental protection and rated as a "Green School". We are the first in Hong Kong to generate electricity by wind, supplying energy for installations like lighting and fans. We also participate in the Feed-in Tariff (Fit) Scheme jointly rolled out by the Electrical and Mechanical Services Department and the China Light and Power Ltd by installing solar panels to generate solar energy, and are also among the first group of schools to launch the Green Roof Project to improve the air quality, lower the room temperature and conserve energy within the campus. The School cultivates waste reduction and recycling habits. In addition to recycling waste paper, aluminum cans, and plastic bottles, our school has also implemented recycling arrangement of food waste, striving to promote sustainable development.</div>
Learning and Teaching Plan
Whole-school Language Policy: <div>To enrich the English learning environment, the School will make the best use of the flexibility of the fine-tuning policy of the MOI to offer school-based and enhancement curricula (English for Life) using English as the MOI in line with the ability and aptitude of the students in the daily life context with a view to laying a sound foundation for students to use English as a medium for life-long learning. Other supporting measures for promoting "bi-literacy and tri-lingualism" include English and Putonghua announcements in morning assemblies, English lunch activities, language remedial and enhancement classes, reading programmes, joining the Hong Kong Schools Speech Festival and the online Book Recommendation Scheme.</div>
Learning and Teaching Strategies: <div>Remedial and intensive teaching is available in specific classes in Chinese and English language. Commencing a few years back, project studies, e-learning and STEAM education are adopted to train students' organizing and exploratory skills with a view to enhancing their interest and enlightening their minds, alongside with our life-wide learning set in full gear.</div>
School-based Curriculum: <div>1. Electives: 2X and 3X. Biology, Chemistry, Physics, Chinese History, History, Geography, Economics, Chinese Literature, Business, Accounting and Financial Studies, Tourism and Hospitality Studies, Information and Communication Technology, Visual Arts, Physical Education (HKDSE), Mathematics (Extended Part Module 1), Applied Learning. 2. Curriculum highlights: (1) Remedial and Enhancement Programmes: Chinese, English and Mathematics. (2) School-based Curricula: The junior school curriculum includes Introduction to Science and Technology Studies, Innovative Technology, English for Life, Religious and Ethical Education; the senior high school curriculum includes Life Start-Up Program, Aesthetic Development · Religious and Ethical Education.</div>
Major Renewed Emphases in the School Curriculum: <div>1. Moral and civic education: focus towards values education. 2. Reading to learn: focus towards reading across curricula. 3. Project Learning: focus towards integrating and applying knowledge and skills across disciplines. 4. Information technology for interactive learning: focus towards self-directed learning.</div>
Life Planning Education: <div>The School organizes various "Life Planning" activities and workshops as early as when students are in S.1. And when they come to senior forms, life planning teacher advisors are assigned to assist students in summing up their life experiences, to enhance students' self-knowledge and acquire information for career development and further education, which best suit their aptitudes and potentials. The school adopts a whole-school approach to career planning, incorporating elements of career planning into the curriculum and activities, and helping students to establish a clear life direction through individual counselling.</div>
Student Support
Whole School Approach to Catering for Learner Diversity: <div>1. Our School effectively uses the Learning Support Grant to recruit counsellor and teaching assistants, in collaboration with teachers and the Student Support Team, to provide after-school support services for the SEN students, including speech therapy, concentration training groups, social skill groups, parent groups, curriculum support and adaptation, S.1 homework tuition and revision classes, etc. Meanwhile, our School also fine-tunes exams for those students in need. Besides, our School strengthens teachers’ strategies in catering for the diversified learning needs of students through staff development and professional interflow activities. 2. To cater for students' learning differences, improve students' learning skills and enhance their learning motivation, we offer after-school support courses in Chinese, English and Mathematics, pre-examination revision classes, summer tutorial classes, junior and senior form study skills upgrading classes, etc.</div>
Whole School Approach to Integrated Education: <div>1. Student case conferences are held to enable all teachers to understand the learning and behavioural characteristics of students, so as to encourage teachers to adjust relevant teaching materials and teaching strategies. 2. In promoting social integration, the School holds the Caring Ambassador Scheme and the Caring Culture Week every year, passing on the messages of a caring society and social integration. 3. The School also implements the One-page Profile Schemes, Career Planning courses, and Work-Trial Schemes, etc. for the junior and senior form SEN students to acquire a better understanding of the requirements of the job markets, to develop directions for further studies and to reflect on their life planning. 4. The school has strengthened home-school collaboration, such as seminars, parent groups and online resource platforms, to provide parents with information on learning support.</div>
Education Support for Non-Chinese Speaking (NCS) Students: <div>Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; and organising activities to create an inclusive learning environment in the school.</div>
Measures to Provide Adaptation for Learning and Assessment: <div>Continuous assessments have been implemented in most of the subjects. They make up about 20% of the grand total marks, and are mainly based on school-based assessment criteria of the public examination, to be supplemented with regular assignments, project work and learning attitude assessment.</div>

Home-School Co-operation and School Ethos
Home-School Co-operation: The Parent-Teacher Association regularly plans and organizes parent-child activities to develop parents' potential and facilitate parent-child communication. It has been shown that parents are keen on various kinds of activities including social and voluntary services, which in turn have a positive influence on their children's academic development, and physical and psychological health. Their sense of belonging to the School is also boosted.
School Ethos: We encourage our students to keep improving and self-actualizing themselves, and we run a number of programs to boost their self-confidence and self-esteem. Examples include Thank You Fellow Students Scheme, Student Tutor Award Scheme, the Adventure-based Counseling Program, the Heart-to-Heart School Scheme, and the Online Student Commendation Scheme.
Future Development
School Development Plan: This year, the School's annual theme is 'Striving for all-round supremacy; Building a caring community', which covers two domains: 1. Enhance the overall effectiveness of learning and teaching; 2. Cultivate students to become outstanding citizens.
Teacher Professional Training and Development: 1. Three staff development days and three teacher development workshops are organized annually. Guest speakers are invited. Activities include talks, sharing of teaching methodology, middle management training, and support for newly recruited teachers; 2. Teachers are encouraged to join both internal and external professional courses to meet the T-Standard requirements.
Life-wide Learning (Including Five Essential Learning Experiences to be Provided through Key Learning Areas, Extra-curricular Activities, Co-curricular Activities, etc.)
More than 40 choices, including academic societies, interest groups, service groups, music groups and sports teams are available for the students. Acclaimed external instructors are recruited to coach our students in the Dance Troupe, Sports Teams and Creative Music Group. Life-wide learning is highly regarded and there are multiple major whole-school co-curricular activities to be held inside or outside the campus every year. The school runs two "Other Learning Experiences" sessions per week to enrich students' knowledge and experience in the five areas, namely moral and civic education, work-related experience, community service, arts development and sports development. The school organizes a number of overseas and local study tours each year to broaden students' horizons and cultivate their holistic development.
School Facilities
Number of Classroom(s): 26
School Facilities: Our School is equipped with a Student Activities Centre, Indoor Fitness Centre, Study Rooms, English Room, a Learning Support Room, Multi-Purpose Learning Centre, Computer rooms, CCSS Maker Centre and a lecture room for both practice and competition purposes. The "SchoolLink Home-School Communication Platform" is used for attendance-taking and collecting fees. The whole school is completely covered with the Wi-Fi network. An interactive platform is also available on the School's homepage.
Facility(ies) for Supporting Students with Special Educational Needs: Accessible lift and 1. A special room for SEN Students; 2. Screen readers; 3. iPad electronic teaching aids; 4. Elevator; 5. Closed circuit magnifier; 6. Voice input text conversion devices.
Others
1. Emphasizes multiple intelligences including academic, bodily-kinesthetic and artistic developments. Scholarships are available for students with outstanding performance in conduct, academic studies and many other domains. 2. By mutual consent, our students are given preferential terms when seeking admission to the universities in the Mainland and Taiwan. 3. The School has completed the External School Review and is highly regarded in the corresponding Report: teachers show loving care for students, and students grow up in a campus which provides them with a simple and caring environment and allows them to display steady progress in academic and behavioral performance. The whole Report has been uploaded to the school website www.ccss.edu.hk. 4. An indoor Mega Gym costing 3.9 million dollars, fully sponsored by Sir David Trench Fund for Recreation, has been completed and is now open for use by students.
Direct Public Transportation to School
Bus Route: 1A, 13M, 13X, 93A, 93K, 601; Public Light Bus: 76B, 34S (Kwun Tong to Sau Mau Ping).
