<b>School Characteristics</b>
<b>School Management</b>
<b>School's Major Concerns:</b> (1) Enhance blended learning, improving effectiveness in learning and teaching; (2) Enhance core values of Catholic education, promoting students' growth and development; (3) Enhance professional development and training of teachers.
<b>School Management Organisation:</b> The School Management Committee is responsible for formulating main policies of the school and promoting education in the school in accordance to the vision and mission of the school. The School Consultative Committee is responsible for school planning and evaluation. Teachers are consulted before main plans are implemented.
<b>Incorporated Management Committee / School Management Committee / Management Committee:</b> The Incorporated Management Committee consists of 7 managers from the school sponsoring body, the Principal (as ex-officio member), a teacher manager, a parent manager, an alumni manager and an independent manager.
<b>School Green Policy:</b> (1) Forming the Health and Environmental Education Team to promote health education at school and raise students' awareness of the importance of environmental protection; (2) Developing students' habits of re-using and re-cycling paper and plastic bottles; (3) Installing energy-saving equipment and using energy-saving fluorescent light bulbs; (4) Improving the natural environment of the school by allocating more space for plantlife and shrubbery; (5) Re-using one-sided paper for printing; (6) Promoting 'Paper-free' meetings and electronic mailing.
<b>Learning and Teaching Plan</b>
<b>Whole-school Language Policy:</b> Our school places much emphasis on providing a language-rich environment for the students so as to enhance their biliterate and trilingual proficiency: (1) Language subjects cover the highest of 38% learning time; (2) English is the medium of instruction in selected classes in F.1 F.3 Mathematics, F.1 F.2 Science and F.3 Science (Physics, Chemistry and Biology); (3) Extended Learning Activities in English are organised in junior-form Mathematics, Science, Humanities, Technology and Values Education; (4) A writing-across-the-curriculum programme is implemented in collaboration of English, Science and Life & Society Panels; (5) English is the medium of instruction in some NSS subjects (Physics, Chemistry, Biology and Economics) (6) In view of broadening the students' horizons and enriching their experiences, the school encourages students to take part in various activities and competitions including English debating competitions, writing competitions and Speech Festival.
<b>Learning and Teaching Strategies:</b> (1) Motivate students to learn by means of questioning, group interaction, experiments and use of IT; (2) The whole campus is installed with high-speed fiber optic network which supports all teachers and students to access the WiFi network simultaneously; (3) Install "Wall-less Classroom" and promote "Flipped classroom": More than 15 000 videos of recorded lessons have been prepared and put onto the school's online learning platform on which students watch the video at home before the lessons. Teachers may focus on answering student questions and exploring topics in greater depth; (4) Adopt "Moodle and AI" as a personalized online learning platform to foster interaction, inquiry and collaboration; (5) Promote collaborative lesson preparation and peer lesson observation among teachers as well as professional development; (6) Independent learning and generic skills are promoted through Project Learning Scheme, Reading Scheme and cross-subject curriculum; (7) To cater for the needs of students with better learning abilities through the implementation of the three-tiered framework of gifted education, including the school-based whole class teaching, the school-based pull-out training programmes and the off-school supports and competitions.
<b>School-based Curriculum:</b> 1. Electives: 3X. Flexible combination of elective subjects: Senior form students can take one subject among 5 electives, and choose another subject among other 5 electives; in addition, students of individual class can either take Biology or Mathematics extended part - Module 1 as the third electives. 2. Curriculum highlights: (a) A variety of subjects are offered to senior forms to enhance the students' multifarious development; (b) Emphasis is put on alignment of junior and senior curriculum; (c) F.1 F.2 Technology and Living curriculum includes Technology and Living, Information & Communication Technology serves as a foundation for the related subjects in senior forms; (d) Life education is implemented at F.1-F.3 to foster students' positive values and attitudes towards life; (e) Religious and Social Training is provided in F.1-F.6 to nurture moral and social development of our students.
<b>Major Renewed Emphases in the School Curriculum:</b> (1) Civic Education, Religious and Moral Education: With a determination to carry on the contribution of the Catholic Church to education, we uphold and pass on the "5 core values of catholic education" to young people through assemblies, form teacher periods, Religion and Ethics lessons, Religious and Social Training, Life Education lessons, prayer and mass, so as to prepare them properly for their life and future responsibilities; (2) Project Learning: Project learning is implemented at junior secondary level to help promote self-directed learning and self-reflection among students; (3) Morning Reading: Morning reading sessions are held every Mondays, Wednesdays and Fridays to develop students' reading habit; (4) Information Technology: Every classroom is equipped with projector, computer and WIFI to facilitate effective teaching and learning.
<b>Life Planning Education:</b> Our Career & Guidance department aims at: (1) Enabling students to understand their own aspirations and develop positive attitudes towards work and learning: (a) School-based teaching materials and life planning education curriculum are offered to students, (b) Career day and Life-wide learning day are organized for students. (2) Exploring different career and higher education opportunities. (3) Preparing students to make informed choices: (a) Parents nights/talks are organized to disseminate updated further education and career information to students, parents & teachers, (b) Individual and group counselling are given to students on personal plans and career goals, (c) Workplace visits are held for students.
<b>Student Support</b>
<b>Whole School Approach to Catering for Learner Diversity:</b> (1) Our school has established a Gifted Education Team dedicated to providing enhancement courses for our top students, thereby enabling them to develop their potential and achieve excellent results in public examinations.(2) We actively encourage our students to participate in programs for the gifted and talented organized by the University of Hong Kong, the Chinese University of Hong Kong, and the Hong Kong Academy for Gifted Education, utilizing the Diversity Learning Grant. Each year, over twenty students gain admission to these courses following rigorous screening tests. (3) We offer a variety of training opportunities for students who excel in sports, debating, or other areas. These students are encouraged to participate in various competitions supported by the Diversity Learning Grant and donations from alumni. Notably, the English Debate Team has consistently achieved recognition by winning multiple awards in the Hong Kong Secondary Schools Debating Competition, encompassing both senior and junior sections over the past several years. (4) Our school has established a Student Support Team, employing full-time guidance and support teachers to provide additional assistance to students who require special help. (5) To cater to diverse learning needs, tailored curricula have been introduced in select Form 1 and Form 2 classes for Chinese, English, and Mathematics. Additionally, after-school remedial classes are available to support students who encounter difficulties with their homework.
<b>Whole School Approach to Integrated Education:</b> All staff of our school agree that it is the responsibility to create an integrated environment to cater for the students with special educational needs based on the Three-Tier Intervention Mode. The Student Support Team led by SENCO using the Learning Support Grant For Sen Students to provide academic, social support for students who have learning difficulties, for example: providing after school class, organizing social activities, etc.
<b>Education Support for Non-Chinese Speaking (NCS) Students:</b> Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; and organising activities to create an inclusive learning environment in the school.
