Remarks

The school offers students a range of OLE opportunities in the five areas of OLE, namely Moral and Civic Education, Community Service, Career-related Experiences, Aesthetic Development and Physical Development. (For more details, please refer to the school website.)

S.1 Admission, Orientation Activities & Healthy School Life

Secondary One Admission
Our school will accept discretionary places. Our school will participate in the Secondary School Places Allocation System through central allocation stage (Applicable for admission to S.1 in September 2025). Application period from 2-1-2025 to 16-1-2025. Admission criteria including academic results (60%); conduct (10%); school extra-curricular activities; services and awards (10%); interview performance (15%); others (e.g. Awards from other organizations) (5%).
Orientation Activities and Healthy Life
1. July and August - Orientation Day (with student counselling service) and an English bridging program 2. Early September - activities organized through our school's peer counselling scheme.

School Characteristics
School Management
School's Major Concerns: 1. Enhancing academic success among students 2. Nurturing students to be future leaders of society
School Management Organisation: 1. The IMC was established in 2011-12. 2. At the operation level, various functional committees and teams, including the Executive Committee, the Academic Committee, the Discipline Committee, the Guidance Committee, the Extra-Curricular Activities Committee, the Moral & Civic Education Committee, the Religious Affairs Committee, the Careers Committee and the Integration Education Committee, work together to carry forward all aspects of the school affairs. 3. Consultation and participation are emphasized while various aspects of school work are under supervision and inspection of vice-principals and assistant vice-principals.
Incorporated Management Committee / School Management Committee / Management Committee: 1. The IMC is responsible for formulating education policies of the School in accordance with the school's vision, mission and core values. 2. To ensure the mission of the School is carried out in good faith. 3. To develop and manage the financial and human resources of the School. 4. To promote quality education. 5. To approve school plans and formulate standards for self-improvement.
School Green Policy: An energy saving team has been established to achieve the following objectives: 1. To reduce the use of electricity, water and paper without affecting teaching effectiveness. 2. To promote awareness of sustainable development. 3. To improve participation and communication across school personnel on energy conservation and green policy.
Learning and Teaching Plan
Whole-school Language Policy: 1. Our goal: biliterate and trilingual. 2. Medium of instruction: English 3. Enrichment measures to expand students’ language exposure include small-group teaching in junior forms,S5 and S6, English Extensive Reading Schemes, inter-class competitions, weekly assemblies conducted in English, LAC measures, online learning platform, English drama appreciation, morning assembly talks in English and Putonghua, English debate teams and debate training course, English drama group, Language Corner activities, English movie viewing, inter-school oral practice, DSE English enrichment reading, writing and speaking tutorial classes, and JUPAS interview workshops. Emphasis is also put on students' mastery of Chinese. Chinese ERS scheme and writing classes are arranged to enhance students' Chinese proficiency.
Learning and Teaching Strategies: 1. We offer 13 elective subjects. 2. To cater for learner diversity, various teaching methods are adopted in the classroom, e.g., small group teaching, group discussion and e-learning.
School-based Curriculum: 1. Electives: 2X and 3X. Compulsory subjects include English, Chinese, Mathematics, Citizenship and Social Development, Religious Studies and Physical Education. Students are also required to choose two to three electives from the 13 subjects provided by the school. 2. Curriculum highlights: We emphasize on self-regulated learning through a student-centered approach and a lesson preparation policy. A structured and coherent value education curriculum covering the six domains of personal growth, family, interpersonal relationships, society and nation, school and work, is launched by the Moral and Civic Education Committee in collaboration with the Discipline Committee, the Guidance Committee, the Careers Committee and the Religious Committee. To instil positive attitudes and proper value judgement, a range of OLE opportunities, such as voluntary service, talks, interactive theatre and career planning, are arranged.
Major Renewed Emphases in the School Curriculum: 1. Reading across curriculum: Taking on a whole school approach, Morning Reading is incorporated into the school timetable to enhance reading atmosphere. Students are required to read English and Chinese books in different subject areas. 2. Moral, Civic and Value Education: In addition to the weekly moral and civic education lessons, various activities are arranged for our students to serve and care about the community. We also provide different exchange and excursion tours to broaden our students’ horizons and promote their understanding of the motherland. 3. Project Learning: To encourage active inquiry and high-level thinking, S.2 students are required to conduct group inquisitive projects guided by teachers. 4. Information technology for interactive learning: E-learning has been carried out in S.1 to S.3 with the use of iPads. In addition to the standard facilities of an aided school, electronic blackboards have been installed in most of the classrooms. With the completion of the second phase of the WiFi 900 scheme, a campus-wide wireless network with FTTC and WiFi 6 has been set up. 5. STEAM education is promoted mainly through cross-curricular project learning and classroom activities, aiming to strengthen students' ability in the synthesis and application of knowledge and skills, thus cultivating their creativity, collaboration skills and problem-solving skills.
Life Planning Education: To strengthen support for students’ progression for further studies and career development in accordance with their interests, abilities and orientations, the Careers Team provides life planning education and career guidance to students of all forms.
Student Support
Whole School Approach to Catering for Learner Diversity: We have a peer counselling scheme to help new S.1 students to adapt as soon as possible to life in secondary school. An SEN supporting team was established in 2009 to work with an education psychologist to identify and support SEN students. Various teaching strategies like "lesson studies" and "Teaching and Learning in meta-cognition" are employed to cater for different learning needs of students.
Whole School Approach to Integrated Education: The school Student Support Team is run under the supervision of the vice principal in-charge of student affairs and led by an SENCO. Other members include class teachers and subject teachers of the students with SEN. Academic Committee, Discipline Committee, Guidance Committee, Examinations Team and Student Support Team work together to offer cross-functional support to SEN students. Other professionals like school social workers, the education psychologist and the speech therapist also provide assistance. Based on professional advice and with the consent of parents, the school uses flexibly various grants such as Learning Support Grant to provide various support to students with SEN, e.g. social skills training, speech therapy, reading and writing training, integration activities and adjustments to assessments. Personalized study plans are also formulated for individual students. Various talks and workshops are held for parents and teachers in order to strengthen support for students with SEN. The members of Student Support Team communicate and collaborate closely with parents to understand the needs of the students. The team also invites parents, teachers and other professionals to meetings and interviews to discuss students' progress and gather opinions, which, if necessary, will be passed to relevant groups for follow-up.
Education Support for Non-Chinese Speaking (NCS) Students: Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students’ learning of Chinese; and organising activities to create an inclusive learning environment in the school.
Measures to Provide Adaptation for Learning and Assessment: There are two school terms per year, each with one test and one examination. Every examination accounts for 70% of the academic performance of the term, with the remaining 30% of each term derived from the results of the one test and continuous assessments such as project learning, homework and class performance.

Home-School Co-operation and School Ethos
Home-School Co-operation: Established in 1994, the PTA aims at strengthening the bonding and co-operation between the school and the parents, assisting the school to realize its educational goals, improving the welfare of students, and enhancing the enforcement of the school policies. Eventually, it aims at building up the partnership between the school and families.
School Ethos: 1. The school would expect students to lead a modest style of ethics, with emphasis on both discipline and caring. 2. A "Dual Form Teachers" system is run for S.1 classes to strengthen support for both parents and students of Form 1. Under the Peer Counselling Scheme, S.1 students are paired to senior form schoolmates from whom they can learn about how to adapt to secondary school life. 3. Our PTA and Alumni also offer more than 50 scholarships each year in recognition of students with remarkable performance in different aspects.
Future Development
School Development Plan: 1. Enhancing academic success among students 2. Nurturing students to be future leaders of society
Teacher Professional Training and Development: All teachers participate in three to four days of whole-school training workshops/seminars on various topics including Team spirit building, understand Chinese culture and national security and Study tour. They also encouraged to attend EDB seminars or workshops provided by professional institutes.
Life-wide Learning (Including Five Essential Learning Experiences to be Provided through Key Learning Areas, Extra-curricular Activities, Co-curricular Activities, etc.)
There are 18 clubs and societies in our school to cater for students' various extra-curricular interests. To develop students' talents, various teams have been set up, which include basketball, swimming, tennis, football, badminton, long-distance running, track and field, volleyball, archery, English debate, Chinese drama, school choir, handbell, recorder, Chinese orchestra and Western orchestra. 2023-2024 award list: 5A CHAN LOK SAN: Police Dragon Boat Club Charity Race 2023, Champion 3A KWOK NGA TING: The 24th best of best Hong Kong Open Dancesport Championships, Champion 3A CHAN LO WAH: Hong Kong Taekwondo Poom and Geup (Kyorugi and Speed Kicking) Open 2023, Speed Contest Champion 6D YEUNG CHING: "Cherish the Earth" The 8th Hong Kong Chinese and English Essay Competition, Chinese Open Group Champion 4D LAU KAISA: Artistic Swimming Out Standing Athlete Award Regional Squad, Outstanding Athlete 2C LUK JING YIN: APAC RGF, Junior: Ball Champion, Junior: Hoop 1st Runner-up, Junior: All-around 2nd Runner-up 5D LAU WA KA: The 20th International Talent Competition Open Group Zheng Solo, Gold Award
School Facilities
Number of Classroom(s): 29
School Facilities: Main school facilities include 2 computer rooms, Multi-Media Learning Centre, Design & Technology and Creative Technology Room, Student Activities Centre, Student Union Office, Language Corner, a library, Chaplain's Room, Fitness Room, Careers Room and a school hall. In addition to standard classroom facilities, most of the classrooms are equipped with electronic blackboards. With the completion of the second phase of WiFi 900 scheme, a campus-wide wireless network with FTTC and WiFi 6 has been installed to facilitate teaching and learning in school.
Facility(ies) for Supporting Students with Special Educational Needs: Ramp and Accessible lift.
Others
More than 50 scholarships have been set up by alumni and are awarded to students with outstanding performance in different aspects. Our students are active in joining inter-school competitions and have won awards in areas such as dance, music, speech, sports, mathematics, quiz, conservation, drawing, video footage making, STEAM and debate.
Direct Public Transportation to School
The school is accessible by: Bus route: 33A, 43, 34, 930, 40X, 44M; Nearest MTR stations: Kwai Hing, Tai Wo Hau; Minibus routes nos.: 89, 89A, 89B, 313.
