School Mission

Tung Wah's mission in education is to provide comprehensive and multifarious services to children and young people to enable them to exert their full potentialities and, eventually, to serve the community. We are committed to achieving an all-round development in our young generation through the provision of a congenial learning environment, equipping young people with the necessary skills and knowledge, and nurturing them to become good citizens with a willing commitment to worthy causes and a genuine concern for social affairs.

Remarks

1. Our school is committed to promoting small class teaching. Teachers can provide more care and support to meet the needs of students’ learning and growth. And students have more opportunities to participate in different activities and gain diversified learning experiences. 2. Our school implements the "Life-wide Learning Curriculum" and "Other Learning Experience Curriculum", introduces external resources to support students' learning and growth, pays attention to students' further careers planning and expands students' diversified pathways.

S.1 Admission, Orientation Activities & Healthy School Life

Secondary One Admission
Our school will accept discretionary places. Our school will participate in the Secondary School Places Allocation System through central allocation stage (Applicable for admission to S.1 in September 2025). Learning abilities & Behavior 60%; Interview performance 30%; Extra-curricular activities performance & awards, primary school comments 10%
Orientation Activities and Healthy Life
S.1 Orientation Programme, Bridging courses, New Students Adaptation Programme, New Students Parents Day, Social Worker Theme-based talks, Discipline & Counseling talks. Our school aims to foster personal hygiene, enhance awareness and understanding of physical and mental health, and establish green living habits in students.

School Characteristics
School Management
School's Major Concerns: <div>1. Cultivate students' learning confidence and positive learning habits, equipping them with information technology skills. 2. Broaden students' knowledge horizons, deepening their understanding of national development and global issues. 3. Promote students' attention to physical and mental health, fostering holistic development.</div>
School Management Organisation: <div>Our school management framework is very clear that every scheme is planned with appropriate policies & procedures. Parents are actively involved to support the school and students. The administrative groups and subject departments evaluate the working effectiveness regularly. In making every endeavor to further refine different policies, the targets will be adjusted to improve the school developments and educational professional qualities every year.</div>
Incorporated Management Committee / School Management Committee / Management Committee: <div>The IMC of TWGHs Mr & Mrs Kwong Sik Kwan College</div>
School Green Policy: <div>Civic Education Committee is dedicated to assist setting up environmental protection and health policies. Our school has also partnered with TWGHs ICAPT to implement "Let's Shine Healthy School Programme" which offers activities such as game booths, talks and skill training to promote healthy and green lifestyle.</div>
Learning and Teaching Plan
Whole-school Language Policy: <div>Our school stresses the importance of enhancing the biliterate and trilingual abilities of students. Various cross-curriculum activities are designed to maximize the students' language abilities.</div>
Learning and Teaching Strategies: <div>1. To place emphasis on language enhancement, Form 1 and Form 2 students have to attend Chinese, English, Mathematics remedial classes to consolidate their learning foundation. The NSS Electives bridging courses are offered for Form 3 students to experience the NSS learning modes; The Foundation Course of Nursing is offered for Form 4 students. Besides, all students have to attend the Life-wide Learning Courses and the Other Learning Experience Courses to cater for learner diversity and to achieve learning goals beyond classroom learning. 2. Ensure that students are able to manage the learning contents and knowledge in the secondary education stage in order to fulfill the targets of whole person education. 3. Focusing on students different interests and potentials, teachers foster students’ creative thinking, critical thinking, problem-solving and applying abilities to enhance students multiple-intelligences developments. 4. According to the changes of society and students abilities, teachers will evaluate the curriculum regularly and adopt appropriate learning resources systematically to uplift the teaching and learning effectiveness to achieve the goal of teaching students depending on their abilities. 5. Arranging students to participate in HKDSE and other certificate courses to open up a diversified path for further studies in Hong Kong, the Mainland and Taiwan. 6. By scaffolding of knowledge, teachers can make use of students' daily experience and multi-style teaching and learning strategies to develop students' thinking skills and cultivate the students' life-long learning attitudes.</div>
School-based Curriculum: <div>1. Electives: 2X. Students should choose 2 from 6 electives. 2. Curriculum highlights: Foundation Nursing Course, Junior Forms Remedial Classes (Chinese, English & Mathematics), certificate courses, in-school Applied Learning courses: Film and Transmedia and Hotel Operations. With the well integration of cross-curriculum operations, teachers organize multi-learning activities, integrate knowledge & experience for students learning, cultivate students’ life-long learning attitudes and offer multi-learning experiences for students.</div>
Major Renewed Emphases in the School Curriculum: <div>"Reading to learn": Establishing the cross-curricular reading lessons, E-reading scheme, Reading Contract Scheme, book recommendation, reading booth, reading log and morning reading programmes to arouse the students' interests and to enhance abilities in reading. "Project Learning": Cross-curricular collaboration is carried out through setting up key investigative skills in junior forms to develop a collection, integration, analytical, presentation, collaboration and communication skills among students. "Information Technology for interactive learning": Interactive boards have been installed in all classrooms. Bring Your Own Device (BYOD) Programme has been implemented to facilitate learning. E-attendance, E-notice and e-payment systems are implemented to enhance efficiency in administration. To enhance teaching effectiveness in e-learning, all teachers are equipped with tablets to facilitate teaching in IT. "Moral and Civic education": Mass educational programs like Tung Wah moral education curriculum and extended learning activities, morning assembly talks, bi-weekly assemblies, cross-curricular activities, class periods, cultural exchange tours in- and out- of the territories, service plans and health & environmental protection promotion activities are held to foster students' positive values & social awareness.</div>
Life Planning Education: <div>Our school co-organized a series of activities with the Educational Psychologist Team of Tung Wah Group of Hospital. Life planning curriculum 'My Way' has been implemented in the junior classes, which aims to raise students’ self-understanding, communication skills, self-confidence and so on. At the same time, the 'smart goal programme' is implemented throughout the school to assist students in setting goals. Seminars focused on further studies and careers have been organized for S3 to S6 students. Not only letting students obtain more related information on further studies and career choices, they are also able to do more self-reflection and broaden their horizons. Apart from various seminars, S4 students can take Foundation course of Nursing. Applied Learning courses are offered to S5 and S6 students as electives. S6 students are also referred to Youth Employment Training Programme provided by Hong Kong Employment Development Service Limited, which enrich their job skills through authentic activities. In order to enhance students' job application and interview skills as well as other useful strategies, we have organized English and Chinese mock interviews, workshops for resume writing, summer job placements and so on. All these are valuable in raising students' competitiveness. The purpose is to provide students with multi-platform for learning and assist them to pursue life-long learning and ideal career.</div>
Student Support
Whole School Approach to Catering for Learner Diversity: <div>Our school adopt the whole-school approach to integrated education which emphasizes the balanced development of students in moral, intellectual, physical, social and aesthetic. We work closely with EDB, tertiary institutions and other professional organizations. We adopt "Preparation, Implementation and Evaluation" as a self-evaluation system to review and improve our curriculum, teaching strategies and assessments. We help students get exposure to various other learning activities which students can gain both practical knowledge and application, enabling them to showcase their skills and talents. Furthermore, we participated in Caring School Award Programme jointly organized by Education Bureau and Hong Kong Christian Service and received the "Caring School Award" for ten consecutive years from 2013 to 2023.</div>
Whole School Approach to Integrated Education: <div>Student Support Team is formed from the Principal, Vice Principals, Academic Committee Coordinators, Counselling and Guidance Master, Discipline Master, Social Workers, Education Psychologist, Speech Therapist, SEN Coordinator, SEN Support Teachers and the panel chairpersons of Chinese, English, Mathematics and Citizenship & Social Development. It is devoted to coordinating and planning the strategies for catering students' diverse learning needs. With the Learning Support Grant, our school has launched a variety of activities like remedial classes for Chinese, English and Mathematics, social skills training, concentration training, speech therapy, individualized educational programme and other counseling services. Regular case conferences, subject meetings and lesson co-planning are held to monitor student development and learning. We also provide examination accommodations like the use of screen readers, extra time allowance, supervised breaks during examination, abridged question papers. We launched Student Mentorship Programme which each student is assigned a class teacher as their mentor whose role is to observe students' school life and learning progress through weekly meetings. Examination and homework accommodation Talk and parent groups are organized to provide parenting support and establish communication channels. School support summary reports are also issued every student every year to give parents and students a comprehensive overview of learning and student growth support provided by the school.</div>
Measures to Provide Adaptation for Learning and Assessment:

Making use of multiple assessment methods to assess students' learning effectiveness, it is clearly reflecting the students' levels of understandings of the knowledge, the participation in the whole learning processes, creative thinking and the key abilities that they have obtained.

Home-School Co-operation and School Ethos
Home-School Co-operation: The Parents and Teachers Association has been established for many years. “Loving and caring communication, educational supports and social gathering co-operations” are the key frameworks. “Parent Education” is the network and “Children Growth” is the main body so as to maintain the PTA an effective and active association.
School Ethos: Our school emphasizes the whole-school approach of discipline and counseling mode to support the full development of different student growth aspects. Our school praising systems & disciplinary measures are clear and united; organizes multiple-style activities to reinforce the whole person development; is dedicated to upgrade students’ self-discipline and moral spirits to promote the caring school culture and outstanding school ethos.
Future Development
School Development Plan: 1. Cultivate students’ learning confidence and initiative. 2. Create a reading atmosphere. 3. Enhance students’ understanding of physical and mental health.
Teacher Professional Training and Development: Our School has organized teacher trainings on Win-Win management, school crisis, questioning technique, Invitational Education of Thinking, multi-sensory education, co-operative learning, self-regulated learning, assessment for learning and e-learning. Our school has linked up with Education Bureau, Hong Kong Institute of Education, to run various co-operative projects. Based on the students' needs, we arrange various seminars, training and workshops for teachers, lesson observations, hold regular meetings for academic preparations and peer lesson observation to promote the organization learning culture so as to improve teachers' professional development.
Life-wide Learning (Including Five Essential Learning Experiences to be Provided through Key Learning Areas, Extra-curricular Activities, Co-curricular Activities, etc.)
Various extra-curricular activities are organized in terms of academics, interests, sports and teams, students are arranged to participate in inter-school competitions; various academic weeks, theme-based assembly, leadership training camps, academic exchange tours, sports day, inter-house activities and competitions, post-exam and summer activities every year. Organize "life-wide learning" courses and Other Learning Experience week to cultivate students' different career interests, etc.
School Facilities
Number of Classroom(s): 15
School Facilities: School bus, campus TV, visual arts room, STEM learning centre, running tracks, tennis court, multi-media learning centre, digital library, student activity centre, English Activity & Games Learning Centre, computer rooms, parents resource centre, gymnasium, fish pond and etc.
Facility(ies) for Supporting Students with Special Educational Needs: Ramp, Accessible lift, Accessible toilet and accessible public information / service counter.
