School Characteristics
School Management
School's Major Concerns: 1. Cultivate students' positive values and attitudes. 2. Develop students' potential and reach higher levels.
School Management Organisation: Our school has been carrying out School-based management since 2001. Apart from the rigorous management, the school has also paid great attention to the communication amongst the staff and is accountable to all the stakeholders. At the same time, the school management structure is clear. The Administrative and Functional Committee makes a concerted effort to carry out the school goals. Along with forming a "through-train" school with the Po Leung Kuk Vicwood K.T. Chong Sixth Form College, the two schools have established a joint-school organization so that the schools can cooperate closely.
Incorporated Management Committee / School Management Committee / Management Committee: The Incorporated Management Committee has been well established.
School Green Policy: Moral, Civic and National Education Committee conducts various activities and carries out different measures every year, which aims at rearing students the idea of treasuring the resources and cherishing the Earth, enhancing their concern for the society and promoting their sense of responsibility towards the society and the Earth.
Learning and Teaching Plan
Whole-school Language Policy: To better cultivate students' English ability in the school, all subjects except Chi. Language, Chi. Hist., Social & Cultural Studies and PE are taught in Eng. and will have extended learning activities conducted in Eng. In our monthly Eng. weeks, all teachers will communicate with students in Eng. in order to build an English-rich environment. PTH activities are also held during morning assemblies to enhance the atmosphere of communication in Putonghua.
Learning and Teaching Strategies: Most subjects in our school, including Mathematics, Integrated STEM-Science, Integrated STEM-Physics, Integrated STEM-Chemistry, Integrated STEM-Biology, Integrated STEM-Information and Technology Studies, Integrated STEM-Living Technology, Integrated STEM-Design & Technology, Integrated Humanities-Geography, Integrated Humanities-History, Integrated Humanities-Finance & Accounting, Integrated Humanities-Economics, Integrated Arts-Music and Integrated Arts-Visual Arts are conducted in English and Extended English activities. All teaching materials, classwork, tests and examinations are written in English.
School-based Curriculum: 1. Electives: 2X and 3X. Please refer to the SFC website. http://www.sfc-plk.edu.hk/plk/sfc/home/index.html 2. Curriculum highlights: Junior Secondary Curriculum highlights: The "MAKER curriculum" is designed for students to develop their mathematical modelling skills, Analytical skills, Knowledge management skills, Entrepreneurship and Research Skills through interdisciplinary collaboration.
Major Renewed Emphases in the School Curriculum: 1. The school focuses on cultivating positive values and attitudes in students, including enhancing their sense of responsibility and fostering supportive, respectful relationships among peers. It also aims to strengthen students' character, helping them become responsible citizens who appreciate their national identity and value Chinese culture. Additionally, the school uses various strategies to boost students' happiness, sense of achievement, and physical fitness to cultivate positive values and resilience, enhancing their physical, mental, and spiritual health, and creating a healthy and positive campus atmosphere. 2. The school is committed to developing students' potential, enabling them to surpass themselves and achieve higher levels in various areas. We primarily focus on training students to enhance their self-directed learning abilities, thereby improving their reading skills and proficiency in biliteracy and trilingualism. We strive to support students from different learning groups to elevate their academic performance, addressing diverse learning needs. By establishing rigorous learning routines, we cultivate a good learning atmosphere and train students to apply appropriate study and examination strategies to improve learning efficiency and performance. Furthermore, we organize various activities to broaden students' horizons, help them develop personal strengths, and strengthen their self-image in different areas, thereby enhancing their learning confidence and promoting holistic development. We also assist students in expanding their learning experiences across different subjects, allowing them to showcase their strengths in various areas.
Life Planning Education: The Career Guidance Committee aims to help students have more insight in their career aspirations and development so as to make wise choices in their studies and career pathways. A whole-school life planning education program will be provided to students. A variety of life planning seminars, workshops, visits, job simulations and aptitude tests will be implemented to help students examine their interests and abilities, recognize their strengths, arouse their curiosity towards learning and working, enhance their capacity in planning and decision making.
Student Support
Whole School Approach to Catering for Learner Diversity: The employment of additional teachers in Chi. and Eng. has been funded by the Learning Support Grant. A small class policy in some subjects is adopted for students with particular needs in order to provide better care and give more support to students. A series of elite and remedial courses such as the courses for Form Three Graduation Examinations and remedial lessons are being conducted by our own teachers. The pull-out enhancement courses including Future Star Programme, Chin. Speech Training, Eng. Speech Training, Maths. Olympiad and Science Olympiad are provided to cater to students with different needs and abilities.
Whole School Approach to Integrated Education: Members of the Student Support Team / Learning Support Team include Vice Principal, Associate Principal, SENCO, Academic Master, Support Teachers from different subjects, Discipline and Guidance Teachers, Career Guidance Teachers, School Social Workers and Educational Psychologist. Through the whole-school approach, homework modification, assessment accommodation and individual educational plans are given to students under the advice of professionals. Students' learning progress is evaluated at regular form meetings. Apart from regular meetings, the Student Support Team organizes different workshops and school talks each year. Under the Learning Support Grant and Grant for Supporting NCS students with SEN, two teachers, an assistant teacher and a speech therapist are hired, and after-class pull-out programs are arranged to help enable an effective learning support both inside and outside classroom.
Education Support for Non-Chinese Speaking (NCS) Students: Our school provides additional support for NCS students to facilitate their learning of Chinese: providing after-school support programmes in learning Chinese; appointing additional teacher(s)/teaching assistant(s) to support NCS students' learning of Chinese; arranging intensive Chinese learning and teaching mode(s), e.g. pull-out learning if necessary, split-class/group learning, etc.; developing school-based Chinese Language curriculum and/or adapting learning and teaching materials; and organising activities to create an inclusive learning environment in the school. We provide School-based Chi. and C.Hist. curriculum, for which a different set of assessment papers are provided. They are not required to take PTH lessons, instead, they will have Chi. lessons. EMI arrangement is in place for NCS in SCS. Everyday at lunch and after school, the library provides reading sessions to encourage them to learn Chinese.
Measures to Provide Adaptation for Learning and Assessment: Discipline & Guidance Committee and Academic Committee members will take care of students with special needs. Corresponding adjustment is adopted in course work, assessment and classroom management. The special arrangements in uniform tests and examinations include text magnification in test papers and time extension.

Home-School Co-operation and School Ethos
